SSPOA NEWS

From the General Manager

Robert Neeb,
CMCA, AMS, PCAM
General Manager

It is amazing that it is already Labor Day weekend. Where has the summer gone? As members prepare for one last big weekend, getting their children ready for school, and preparing to go to their winter residences, I want to remind you of a few things.

This weekend has the boat parade on Saturday, September 2nd. It should be a lot of fun for everyone to cruise Lake Lancer. The DNR will be on the lake for this event so make sure you have the proper number of life jackets on board; don't overload the capacity of your boat; and be smart.

Those of you who are going to use either lake this weekend we ask again that you instruct whomever is going on the lake and is in control of a watercraft that you 1. Observe the counter-clockwise rotation on the lake. There is way too much cutting across the bow, going against flow of boat traffic. 2. Boats and jet skis are required to stay 100 feet away from docks when under full power. Instruct your guests and yourselves to follow the law in this matter. Everyone is entitled to enjoy our beautiful water but some feel they don't have to be considerate to others; they are the only ones who matter. Let's all work to change that.

It has been reported that a member has been seen in a vehicle on the airpark. Taking a vehicle anywhere other than the designated parking lot is prohibited by the FAA unless it is airpark management and maintenance staff for the airpark.

On Saturday, September 2nd is the SSPOA Recreation Committee Rummage Sale. It is always fun to wander through this large event and pick up some treasures. It is also one of the committee's major fundraisers.

Sunday is the Callahan concert at Berkshire Beach Club. She is a wonderful talent who travels the UK and United States. We are fortunate to having her performing here is Sugar Springs. Make sure you attend her concert.

From the Board of Directors

Jim Issitt
Board President

Labor Day! Who would have thought last May it would be here so soon? Although summer is winding down, there are still plenty of activities to keep the Sugar Springs family busy.

Golf is alive and well with plenty of tee times available. Oktoberfest will soon be here. The lakes still have everything to offer from fishing to boating to a good old refreshing dip. The recreation committee has several events from concerts to game nights to the ever-popular MSU / UM football party coming soon.

With all the fun comes a responsibility of our association membership on a couple of key issues. The membership questionnaire will be going out soon asking for your input on improvements or changes you would like to see in our community. Also, a new assessment ballot will be sent out shortly. Please take your responsibility as a Sugar Springs member seriously and make sure we receive feedback from each of you pertaining to these serious issues. Each of us has an investment in the continued growth of Sugar Springs, and we lean on each other for support! Happy September.

Meeting called to order at 9:00am

In attendance were: Rebecca Duggan (Chair), Jane Smith (Secretary) Cathy Bowmen, Brian Smith, Ann Crowell, Martha Grubbs, Jeff Grubbs, Dan Martin, Angie Martin, Alice Moore, Michael Stuparek.

Minutes of the June 10th meeting were approved with a correction on name spelling of Odette Dickens.

General Manager report: Not present

Board Representative report: Not Present

Unfinished Business:

Meet & Greet Picnic for August 12th: Reviewed the overall aspects of the picnic and assigned job duties. Decided to have an unofficial meeting August 5th at the Chalet to finalize plans for the all events.

Logo wear sales: Jane Smith reviewed logo wear sales from the craft fair and subsequent sales. Sold all items except one shirt of items on hand. Made a net profit of $234.00 with another expected profit of $360.00 from items on order. For a total expected profit of $600.00. All agreed to order more items for the POA open House, Meet & Greet Picnic and the Trunk or treat event. Jane Smith made a motion to spend profits from art and craft show on more logo wear. (Michael Stuparek seconded the motion.) Motion passed.

Trunk or Treat: Angie Martin and Cathy Bowman gave update. They raised $134.00 so far. The face painting was a success. Event will be held on October 14th from 3-5. Donation cans are being distributed around the area. There will be pumpkin painting, crafts, costume contests ect. Will need to manage parking.

Boat Parade: Jeff Grubbs has scheduled for September 2nd, rain out the third. Boats will meet in bay by home with band and tour lake. Encouraging home owners to also decorate docks.

Protocols-Violations: Reviewed that many of the violations were something POA would need to handle and that we should report any that we come across to the POA. If we come across missing camping permits we should remind camper to make sure they get the permit. Rebecca will email members so we may review verbiage.

Lakes Committee Meeting Minutes for August 10, 2017

Unapproved

Members in attendance: Tim Stegeman, Bob Heydenburg, and Joe Wineland. Board Rep. Thomas Hug, and General Manager Bob Neeb.

-Members absent: Jac Groppuso, George Chelyenak, Terry Binger, and Mario Laudicina

Visitors: Maxwell McDonald, Lynn Wright, Jerry Lewis, Judi Sullivan, and George Jurick.

Special Guest: Our representative from PLM, Bre Grabill

-Meeting called to order by Tim Stegeman at 2 PM.

-Motion made by Joe Wineland to approve the minutes from the July meeting as written. The motion was seconded by Bob Heydenburg. Motion approved.

- PLM Rep Bre provided an overview of what treatments have been made to the lakes this year, what our prospected needs will be for the remainder of the season, issues with harvesting this season, the pro's and con's of the low water levels we experienced last fall and winter, and our performance to budget for the year so far. It would appear that we will be within budget to complete the season. Bre spoke about the onslaught of Wild Celery and how we have been treating it successfully so far. Bre spoke briefly about issues with Starry Stonewort and milfoil in our lakes. There was a great deal of discussion regarding areas of concern that will require close monitoring to keep on top of weeds and algae in isolated areas of the lakes. Bob, Tim, and Bre spoke of their trip to Budd Lake to review the aeration operation they are using there. Plans for a future trip will be made. Our goal is to reduce harmful non-native vegetation while keeping useful native plants to improve fish habitat.

-Tim reported on the status of the dam and the Temperature Control valve on Lake Lancer and the Drain Commissioner's plans for their repairs.

-Information was shared on concerns regarding buoys, No-Wake signs, possible No-Fishing areas, and vertical seawall permits. Bob Heydenburg, Tim, and Joe plan to review all these concerns from the water prior to our next meeting.

-The need to get started on the Score The Shore program on Lake Lancer was shared by those committee members present and plan will be in place before next month.

-Tim and Joe set a date for E-coli testing on August 29th with a back-up date on August 30th.

-Judi Sullivan asked about the possibility of implementing flags to indicate downed skiers / tubers as is used in Arizona and California. The committee asked Judi to provide some information to our group so we can investigate it properly.

-Bob Neeb requested the minutes be sent to him within a few days of our meetings so he could share them via the internet with POA members. There were concerns voiced about sharing minutes prior to them being approved.

-Tom proposed changing our meeting times to later in the day so that employed people could participate in the meetings and possibly become part of the committee.

-Motion made to adjourn meeting by Joe, seconded by Bob Heydenburg.

-Our next meeting is scheduled for: Thursday, September 7th at 2PM.

Respectfully submitted by Joe Wineland

A&E Committee

NOTES FROM THE ARCHITECTURAL AND ENVIRONMENTAL CONTROL COMMITTEE

Lately a few members have taken on projects at their homes that require approval from this committee, without getting a permit prior to construction. This is in violation of the Covenants and Bylaws and could subject the member to fines or other actions. If there is any question as to whether a permit is required for any work please contact the POA office or the A & E Committee to be sure. The Committee meets every Tuesday at 9:00 am in the basement of the Activities Building, or the members may be reached through the POA office. The "Pure Sugar Springs" Website is not an official site of Sugar Springs and the advice from there is merely the opinion of the responder and should not be relied on for legal advice.

Below is the general policy of the AECC regarding violations:

A&E VIOLATIONS POLICY

Violation first noted – letter of notice of violation with deadline for correction (Usually 30 days from date of letter).

Second notice of violation – includes notice of fine and new deadline for corrective action (usually 30 days from second notice).

Third notice of violation – includes secondary fine amount, notice of suspension of use of commons areas, and notice of referral to POA attorney for action.

Violations will include, but are not limited to:

Failure to meet setback requirements
More than one outbuilding on a lot with a house
Outbuilding not same color as house
Trailers parked improperly on lot
Camping unit on lot with house
Camping on lot with no camping permit displayed
Wellhouse on camping lot not consistent with regulations
Prohibited items left on camping lot at end of camping season
Tarps on lots
Firewood not stacked according to regulations
Signs improperly displayed
Docks exceeding 20 feet over the water or four feet in width

Initial fines for violations will typically be $25.00. Secondary fines will typically be $50.00.

FAILURE TO OBTAIN THE PROPER PERMIT OR APPROVAL PRIOR TO STARTING ANY WORK OR PHYSICAL ACTIVITY ON ANY PROJECT REQUIRING A PERMIT OR APPROVAL DOES NOT RELIEVE THE PROPERTY OWNER FROM THE OBLIGATION OF OBTAINING THE REQUIRED PERMIT.

PERMITS OBTAINED AFTER STARTING WORK OR PHYSICAL ACTIVITY WILL INCUR A PERMIT FEE OF UP TO TWO HUNDRED FIFTY DOLLARS ($250.00) FOR THE FIRST OCCURENCE, PLUS MEETING THE REQUIREMENTS OF THE COVENANTS AND BYLAWS OF SUGAR SPRINGS. THE SECOND AND SUBSEQUENT OCCURRENCE(S) OF A FAILURE TO OBTAIN PRIOR APPROVAL FOR THE SAME OR ANY OTHER PROJECT WILL INCUR A PERMIT FEE OF UP TO FIVE HUNDRED DOLLARS ($500.00).

Pilot's Corner

It's About Safety

Whenever new technology hits the market, it always comes with a learning curve. We learn the many uses and benefits of the technology, and unfortunately, we learn the hazards and risks associated with it as well. It's those hazards and risks that require the adoption of regulatory controls.

Unmanned Aircraft Systems (UAS), more commonly known as drones, have been used for many years by the military. In recent years, drones have gained popularity for commercial and recreational use. The increase in drone use naturally increases the associated hazards and risk factors.

Do you recall the bird stirke that caused Captain Sullenbereger (Sully) to do an ermergency landing in the Hudson River? Well, if a bird can take down an Airbus A320, imagine what a drone could do to a small single engine airplane. That's why the FAA has created regulations to control drone operations. It's all about safety.

First, the FAA prohibits flying of drones within 5 miles of an airport unless first coordinated with the airport authority. Once coordinated with the airport authority, drones may be flown in accordance with the community based set of safety guidelines and the following safety rules:

- ✔ Fly at or below 400 ft.
- ✔ Stay away from surrounding obstacles.
- ✔ Keep the UAS (drone) within sight.
- ✔ Never fly near other aircraft, especially near airports.
- ✔ Never fly over groups of people.
- ✔ Never fly over stadiums or sporting events.
- ✔ Never fly near emergency response efforts.
- ✔ Never fly under the influence of drugs or alcohol.

Flying a drone is a fun recreational activity and it must be done in a safe and responsible manner. If you would like more information on the rules for safe drone operations, visit the FAA website at *https://www.faa.gov/uas/*. If you want to fly a drone within Sugar Springs, contact the POA General Manager for more information.

Always fly safe!

Golf News

Dear Member's/Property Owners,

The 2017 Season has flown by in a blink of an eye. We hope you have had a chance to get out to enjoy the golf course this season. The Golf Shop will have some great sales through the Fall Season. Stop in and pick up a few gift items for the holidays of Sugar Springs Swag!!

Fall Golf Course Maintenance will begin Sunday, October 1st at 11:30. We will be aerifying the greens, tees and fairways this fall. The greens will take about 7-10 days to heal this fall because we are going to be pulling cores as opposed to using solid tines. This process is beneficial for long term health of the turf besides the disruption in play. The Course will be Closed Monday through Wednesday for course maintenance and will reopen on Thursday at 10AM.

The golf leagues will be wrapping up their play by the 3rd week of September. The Ladies Golf Association Fall Event is Friday, September 15th with tee times at 9:30AM and the Men's finale is September 22nd with a shotgun at 9:30AM. Sign-up sheets will be posted in the Pro Shop after the holiday week!

Round to Remember Outing

Thank you to all who participated in the 10th annual Hug outing benefiting the Alzheimer association once again this year was a huge success, we had a 128 golfers (full field), coupled with in kind donations, sugar springs calendar sales, tee signs this year's total funds raised is $11,097.00 the past ten years we raised a grand total of $83,302.00

With the money we raised we help out in several areas, research and development, and our own local Alzheimer support group through Mid-Michigan hospital in Gladwin.

We want to thank Mark Bayer (golf pro) and his staff for an excellent job! Course is in great shape, fast, friendly and courteous service by all of his team.

We also want to thank Tina and her entire staff for excellent food and service. I heard several compliments on the steak and chicken dinners.

An outing of this size can't be put together with our help form a few key people that have been helping since the first year; Peg and Gary Miller third tee, Sue Creech meal tickets and team envelopes, Bonnie Klott tee signs, and Patty Berg Steve Johnson calendar sales.

This year we had an outpouring of people offering to volunteer, and dropping off raffle prizes. This is much appreciated and goes a long way in making this a special event for all. It is a very humbling experience seeing how everyone bands together to help people struggling with this terrible disease. The Sugar Springs family is truly one of a kind!!

Because of the ongoing success we have secured a date for next year August 4, 2018.

On behalf of my Family, I want to personally thank each and everyone one of you that participated, it's because of you and your generosity that hopefully some day we can end Alzheimer. Remember the end of Alzheimer starts with us.

Doing a little big thing to end Alzheimer's.

2017 Bocce Ball Season Concludes

Ten four-person teams and seven energetic substitutes made for a fun-filled bocce ball season which ended on August 10, with a ten-team tournament playoff. To celebrate the successful season, fifty-three people attended the year-end banquet at the Chalet and the following awards were given:

Roman League Champions – Jack and Ruth Patterson, M. J. Morell and Lynn Wright

Sicilian League Champions – Walt and Gail Simon, Frank and Lori Matynowski

Sugar Springs Bocce Ball World Champions – Dan and Patty Smith, Richard and Linda Fawcett

BIG Pallino Most Improved Award – Linda Lay, Betty Bossick, Marsha McCutcheon, Marge Shaffer

The league is always looking for new members so watch for the Bocce Ball sign-up information in the March/April and May Sugar Scoop. The season is short - only eight weeks, no experience is necessary - easy and fun to learn, but a desire to have fun is required! Call Richard Fawcett (989.426.5386) for information.

CHILI COOKOFF IN SUGAR SPRINGS OCTOBER 14, 2017 FROM 11A-2P FOR THE GLADWIN NEW DAWN SHELTER

We are looking for the best Chili cook in the Sugar Springs area and at the same time would like to raise money for those that live in our community, but are currently going through a rough time. All funds raised during this event will be donated to the Gladwin New Dawn Shelter located in the City of Gladwin.

The Gladwin New Dawn Shelter services Gladwin County along with our surrounding counties. They are a non-profit homeless shelter that is run on donations and they are not government funded. This wonderful facility helps people get back on their feet.

We are looking for 10-12 wonderful cooks (8 have volunteered so far, Elza H, Patti A, Ernie M, Nancy P, Alma H, Jim G, Joe H. and Gary M.) that are willing to make 4-5 gallons of their recipe to share with the Sugar Springs Community who will be the judges. The prize will be bragging rights and knowing you are helping a worthy cause.

Can't cook chili and still want to help? No problem as we are looking for donations for a Silent Auction and a Chinese Auction. A love offering (suggested amount is $10.00) will be accepted at the door for all who attend and would like to Judge the contest.

So, remember to put this date on your calendar. Don't cook lunch that day, bring your family and relatives up and let them judge our contest.

Please look for more information as the time gets closer.

If you would like to participate in our cook off, please call Peggy Miller at 989-426-1139, Jane Giffin at 734-368-1562 or Lanny Dexter at 989-513-5115.

Lakes Committee News

Now that summer has finally arrived activities on the lakes are increasing.

There remain openings in the Boater Safety class on July 8th, sign up in the POA office. Check the minimal age requirements at the POA office.

The Drain Commission is in the process of repairing the Spillway gate and Bypass valve. With the recent rain note the increase in the lake levels.

The Goose Round-Up was a success this year with 158 geese rounded up. We are sure we missed some but with the number of volunteers both on the water and on land it was a success. Thank you all for the help. Next will be E.coli testing at the 3 popular swimming areas by July 1st.

The Lakes Committee will be on the Lakes evaluating NWS use and placement, swimming buoys, and swimming platform placement. Try to keep swimming platforms no more than 50 feet from shore.

Other rules that need to be observed are:

- staying 100 feet from dock or rafts, moored or anchored vessels, shoreline if water is less than 3 feet deep or marked swimming areas or persons.

As more PWC's are on the water here are a few of the Michigan Rules stating: "a passenger on a PWC should never be seated in front of the operator and a passenger should be able to hold on to the person in front of them or to the handholds, while keeping both feet firmly on the footrests. Children who are too small to be able to do this should not ride. Also no child under the age of 7 may ride on or be towed behind a PWC unless with a parent or guardian or a designee of the parent or guardian." These are only a few of the rules that need to be observed to be safe (check the Boat Michigan booklet online)

All have a great and safe summer while on or in the water or on land.

NOTICE

Lake Lancer/Lancelot 2017 Treatment Program

The property owners in this area are planning to have the waters chemically treated to control lake weeds and/or algae. This notice is being circulated in accordance with Department of Environmental Quality (DEQ) procedures. Due to the uncertainty of weather, the treatment schedule is approximate. Please watch your shoreline for the posting of the 8.5 x 11 inch, yellow or green signs. The signs will indicate the date of the treatment, the products used, and any restrictions on the use of treated water for swimming, watering lawns, etc. One or more treatments involving water restrictive products may be applied. Please be aware that only products approved by the State of Michigan and the Federal government are being used. We have experienced ***no adverse effects on people, fish, wildlife or domestic pets since applying these products.*** We anticipate using one or more of the products listed. Please read the restrictions. Again, the restrictions that apply to the products actually used in a particular treatment will be found on the signs posted on the day of treatment.

2017 Tentative Treatment Schedule

Treatments will be occurring throughout the summer months, beginning in May through September. Please watch your shoreline for posting signs with specific restrictions. Please also note that you will see PLM on your lake many times this summer. We will not always be treating the lake, but performing many surveys, water quality testing, etc. Thank you for your understanding as we work to preserve and protect your lakes. The following TENTATIVE SCHEDULE is being provided so everyone is aware of the Plan of Action for Sugar Springs this season. Please be aware that many factors could adjust this schedule and it is only tentative. We do our best to stick with this schedule, but plant growth, weather, permits, etc all impact this schedule. The lakes have been tentatively scheduled for the following weeks of:

May 8: Survey
May 22: Weed & Algae Treatment
June 12: Survey
June 19: Weed & Algae Treatment
June 26: Possible Algae Treatment
July 10: Survey
July 17: Weed & Algae Treatment
August 7: Survey
August 14: Survey
August 28: Possible Algae Treatment
September 18: Survey

2017 Proposed Treatment Plan

Lake Lancer and Lancelot have very different plant communities and each lake is independently managed for those plants with a focused planned. Lake Lancelot has an infestation of Eurasian watermilfoil and Curlyleaf pondweed. Lake Lancelot has fewer native plant species present and a large focus of the program is improving the native plant community for the overall health of the lake and fishery. Lake Lancer has an infestation of Variable leaf milfoil as well as EWM and Curlyleaf pondweed. The native plant community in Lake Lancer is diverse and some species do cause a recreational concern mid season. Focus is being made on those species and prioritizing management to maintain diversity and reduce density when able. PLM will be aggressively managing each lake using the latest technologies to ensure the best possible management program is offered to your association. While we are working at controlling numerous plants and algae and that growth will vary seasonally with weather; we encourage all residents to assist in the management your lake frontage with promoting healthy lake front living practices (reducing fertilizers, green belts, removing debris, raking your beach, etc). Let's all work together to continue to improve your beautiful lakes!

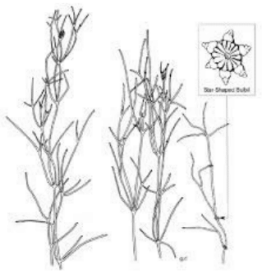
Starry Stonewort— Exotic Plant WATCHLIST

Starry stonewort has been quickly spreading throughout Michigan and is one of the primary focuses of management on Lake Lancelot and Lancer. Starry stonewort (Nitellopsis obtusa) looks like a rooted plant but it is actually an algae. The plant is native to Europe and Asia and was first discovered in the St. Lawrence River in 1978. In 1983, it was found in the Detroit River and has since infested many Michigan lakes. Starry stonewort resembles the native aquatic plant Chara. Unlike Chara, which is generally considered to be a beneficial plant, starry stonewort has a tendency to inhabit deeper portions of the lake and can form dense blankets several feet thick. These mats can severely impede navigation and limit growth of more beneficial plants. Starry stonewort anchors to the sediments through rhizoids (primitive root structures) which can also absorb nutrients. Like Chara, starry stonewort also absorbs nutrients from the water through its cell walls. Starry stonewort has tiny, star-shaped, tan colored reproductive structures called bulbils that are firm to the touch when compared to its soft branches. These reproductive bulbils have been shown to stay viable for several years in lake sediments. It is unclear what effects starry stonewort may have on a lake's fishery. However, the encroachment of starry stonewort into fish spawning beds may be a cause for concern. Both algaecides and mechanical harvesting appear to be somewhat effective in controlling starry stonewort. However, given its propensity to produce massive amounts of growth, efforts to keep this invasive algae at bay will be difficult and potentially expensive. We are constantly on the lookout for new infestations of SSW for quick action. Please keep your eyes on the look out!



Riparian Responsibilities

Yes, if you live on a lake, YOU have responsibilities. Properly maintaining your lawn near the lake is an essential part to a healthy aquatic ecosystem. Some ways you can help your waterbody include:

- **Do not feed the ducks and geese. Remove dog, geese and duck droppings from lawns, docks, etc. Excess feces will increase nutrients within the lake. Please, do not sweep it into the lake!**
- **Create a natural buffer close to the water's edge and remove grass/turf touching the water's edge. A natural setting will filter excess nutrients from entering the water and help decrease erosion. The greenbelt should consist of native plant varieties of shrubs, flowers or trees that do not shed their foliage into the water. Natural buffers are also an excellent way to deter geese from making a stop on your beach front. Geese do not like areas where they cannot see the predators coming towards them.**
- **If you do fertilize make sure you are using Phosphorus free fertilizer. One pound of phosphorous may produce over 775 pounds of algae-"The slimy green stuff". If you must fertilize, apply nitrogen fertilizer when the grass is actively growing to minimize loss of nutrients to nearby waters. Avoid application of fertilizer prior to rainy days.**
- **RAKE YOUR BEACH! Remove aquatic plants, leaves/branches and other debris that washes up along the lakeshore so less decomposition occurs in or near the lake.**
- **Always use silt fences when building a new home or doing any yard-work that would cause erosion. Encourage the use of stone, brick and similar porous materials when building a landscape to minimize urban water collection.**
- **Keep all burn piles and debris piles away from lake. Do not burn near the water. The ash is concentrated nutrients!**

Fall Auditions

It's A Wonderful Life

A Live Radio Play

With a possible cast of 5-20 actors, this live radio play brings the beloved American holiday classic to the stage! Audiences will be able to close their eyes to "listen" to the broadcast or leave them wide open so as to not miss seeing how the Foley sound effects are created.

Actors will portray all 46 characters to unfold the story of George Bailey, as he considers ending his life one fateful Christmas Eve. Clarence is here (the angel who might get his wings), Mary, Violet, Tilly, Uncle Billy, Ernie and Burt, and old man Potter…plus many more characters you may recall. Direct from a 1940's style radio station, complete with period microphones, sound effects, On-Air, and Applause signs, and costumes, you won't want to miss this chance to be a part of something a little different.

Directed by Jacque Lott Mattes, there are roles for young people aged 14+ to 100! If you don't like memorizing lines, this is the perfect show for you as you will read your lines, as they did in original radio broadcasts, right from the pages you hold in your hands.

Auditions are August 14 and 16, 6:30 – 8:30 p.m. at the Gladwin Community Building. You need not have anything prepared in advance, just come ready to read and have some different voices in mind to portray multiple characters. The show runs October 5, and 6, with two performances on October 7, a 2:00 matinee and an evening performance. If you have questions, please call the director, Jacque Lott Mattes (989)404-0644. Can't wait to see you there. Bring your friends and family out, the more people we have the less voices everyone has to make!
