General Manager's Report May 2016

It is a joy to see campers and our residents that spend their winters either downstate or in warmer climates starting to return. We have had a nice stretch of weather which allowed the opening of the golf course, beach clubs, half-ways on the golf course, and also allowed a large share of our docks to be placed. We always have certain areas that dry out later than others but we will place those docks as soon as we can. The tennis nets are up, as well as the awning on the deck of the Hearth. The Hearth will return to summer hours beginning May 1st. And, the public campground is open for the season.

If you have your boat in the water or are considering it in the next few days, (today is April 25th) please use caution because the lakes have not been raised to summer levels yet. The Gladwin County Drain Commissioner controls the lake levels and he is bound by a court decision which says that man-made lakes cannot be raised until the month of May. Just be careful because areas that you may be used to driving your watercraft in, may be as much as 18" lower than summer levels right now.

The board of directors made a number of member-friendly changes to the rules and regulations dealing with making improvements to your home and tree removal. My best suggestion for you is to call us at the POA office if you are unsure, pick up a copy of the new rules from the POA office, or the rules & regulations, as well as the necessary application forms which are also available on the Sugar Springs website, www.sugarsprings.net.

Welcome home everyone, the regional forecasts are predicting an above average temperature for this season.

KENNETH J. BOEHM
LANCER REALM LOT 39

RESUME OF CANDIDATE

EMPLOYMENT, FAMILY, BACKGROUND:

Retired as of October 2009, my wife Paula and I moved permanently to Sugar Springs in July of 2010. We have three wonderful children Mary age 31, Sam age 28 and Emily age 22. Having owned property in Sugar Springs since May of 1987, we've enjoyed camping and later building a cottage that has now become our permanent residence. I've seen our community develop steadily over the last 24 years and generally speaking, I believe we as a community have been heading in the right direction.

My work background is in project management, with an emphasis in Advanced Technology and Finance. I graduated from Wayne State University with a BA in Economics and an area of interest in Labor and Statistics. For the past 40 years, I've worked for several major companies such as Blue Cross Blue Shield of Michigan (BCBSM) in a management position and American Natural Resources (which owned Mich Con) in Operations Research.

REASONS FOR WANTING TO SERVE THE MEMBERSHIP AS A DIRECTOR ON THE SSPOA BOARD:

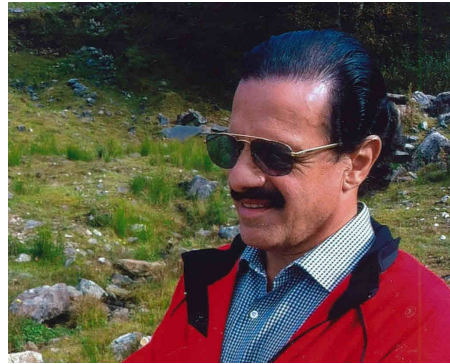

Working full time in the Detroit area and raising a family, I was content to let other dedicated members of Sugar Springs manage the direction we would take as a community. Now, being retired, it is time for me to step forward and invest my time and energy improving our community.

After listening to the concerns of our membership, one area that I feel can use additional attention is to better define how our expenses and revenues are allocated. When elected to the board, I recommend we enhance our cost base analysis by performing an in-depth study of each service (cost centers such as: golf course, pool, lakes, chalet, etc.) that Sugar Springs provides to our community. This study would give us the ability to answer those difficult, "what if questions" by better understanding the true nature of the expenses going into each service, as well as the offsetting revenue. The intention of this analysis is to provide our membership with additional transparency and increase our understanding of how proposed changes will impact allocation of our limited resources

RECREATIONAL INTERESTS INCLUDE:

I enjoy playing golf and I'm a member of the Sugar Springs Men's Golf Association. I enjoy Euchre on Mondays, Trivial Pursuit on Wednesdays, pontoon boat rides, taking the kids tubing and fishing and I thoroughly enjoyed camping prior to building our home. What I think I enjoy most is sitting on our deck and watching our Sugar Springs friends and neighbors enjoying themselves.

RESUME OF CANDIDATE

EMPLOYMENT, FAMILY, BACKGROUND:

My wife's name is Debbie, we have two sons, Pat and Brad, two daughter in laws, Rachael and Kara and three grandchildren, Dylan, Jake and Bela.

I am an International Jewelry Executive with expertise in sales, merchandising, marketing and operations. High impact career in the jewelry industry starting in retail and rising to become Corporate Merchandise Manager for high-end Henry Birks Jewelers, moving on to become Regional Group Manager with Finlay Fine Jewelers, then regional sales role with SMH Hamilton Watch and Bulova before being recruited by the owner of Combine International achieving multiple promotions to become Senior Vice President, Sales and Marketing, lifting sales from \$15 million to \$135 million. On-air Talent for Shop at Home and ShopNBC. Have sourced product suppliers on US market entry from around the world. Significant experience running multi-unit retail operations.

REASONS FOR WANTING TO SERVE THE MEMBERSHIP AS A DIRECTOR ON THE SSPOA BOARD:

I believe with my extensive background in Marketing/Sales/Financial that I would be of value to serve Sugar Springs and its association and neighbors. We are also new to the area and what a great opportunity to meet and interact with my neighbors in a positive and helpful manner.

RECREATIONAL INTERESTS INCLUDE:

Hiking, running, walking, biking and hunting and fishing with my sons.

RESUME OF CANDIDATE

EMPLOYMENT, FAMILY, BACKGROUND:

My wife Carla and I have been property owners in Sugar Springs since 1980. We built a cottage in 1982 that later became our permanent home in 1999. We have two grown sons, Chad and Sean. I was employed at General Motors for 33 years and served as a Manufacturing and Engineering Manager for several years. In my position, I was responsible for and in charge of very large product and facility programs. I have served on several community programs in Bay City, Michigan including Church Vestry member, United Way and YWCA fundraising. I have been on the Sugar Springs Board in the past for six years and currently have been on the Board for the last four years serving as Vice President. I have served on the Planning, Finance, Building and Grounds and Golf committees. I was also the chairman of the Golf Committee for several years. I have been a member of the Men's Golf Association and served as its President and Director of Golf.

REASONS FOR WANTING TO SERVE THE MEMBERSHIP AS A DIRECTOR ON THE SSPOA BOARD:

With the many critical issues currently facing the Board I think my broad experience and involvement would be helpful. I have enjoyed working on the Board in the past and with your support look forward to working on it in the future.

ATTENTION WOMEN GOLFERS

The 34th annual Sugar Springs Swing will be held on Thursday, June 16, 2016. Entry forms will be available in the Pro Shop in April. The cost will be \$50 per player plus a \$12 cart fee for players who have not paid for an annual 2016 Sugar Springs golf course cart fee.

The entry fee(s) provide for 18 holes of golf with a cart, continental breakfast, lunch, skill and position prizes and a gift for every participant. Raffles and a 50/50 drawing will also take place.

For those new to Sugar Springs the Spring Swing is a women's tournament open to Sugar Springs golfers as well as golfers from other neighboring golf courses. The purpose of the event is to showcase our course and provide a fun day of golfing and dining, as well as forming and enjoying new friendships. Entry to the event is on a first come first serve basis. For 2015 we had a full roster of 124 women golfers, many of whom came from neighboring courses. The format for the tournament is 18 holes using the net 2-best balls for the 4-person team.

Following last year's Swing there were some participants who expressed concerns that the course played too long. To address those concerns it was agreed upon at the annual Fall 2015 Women's Golf Association meeting that for this event the course will be shortened approximately 420 yards. All par 5s will be played from the silver tee boxes (our most forward tees) with all teams playing from the same set of tees. It was felt this was a reasonable compromise for all players.

If you have any questions regarding the 2016 Spring Swing please feel free to contact this years hosts...Janet Tate (989) 387-4993 or Kay Underwood (989) 426-8349.

NOTICE

Lake Lancer/Lancelot 2016 Treatment Program

The property owners in this area are planning to have the waters chemically treated to control lake weeds and/or algae. This notice is being circulated in accordance with Department of Environmental Quality (DEQ) procedures. Due to the uncertainty of weather, the treatment schedule is approximate. Please watch your shoreline for the posting of the 8.5 x 11 inch, yellow or green signs. The signs will indicate the date of the treatment, the products used, and any restrictions on the use of treated water for swimming, watering lawns, etc. One or more treatments involving water restrictive products may be applied. Please be aware that only products approved by the State of Michigan and the Federal government are being used. We have experienced **no adverse effects on people, fish, wildlife or domestic pets since applying these products**. We anticipate using one or more of the products listed. Please read the restrictions. Again, the restrictions that apply to the products actually used in a particular treatment will be found on the signs posted on the day of treatment.

2016 Tentative Treatment Schedule

Treatments will be occurring throughout the summer months, beginning in May through September. Please watch your shoreline for posting signs with specific restrictions. Please also note that you will see PLM on your lake many, many times this summer. We will not always be treating the lake, but performing many surveys, water quality testing, etc. Thank you for your understanding as we work to preserve and protect your lakes.

2016 Proposed Treatment Plan

Lake Lancer and Lancelot have very different plant communities and each lake is independently managed for those plants with a focused plan. Lake Lancelot has an infestation of Eurasian watermilfoil while Lake Lancer has an infestation of Variable leaf milfoil and Curlyleaf pondweed. PLM will be aggressively managing each lake using the latest technologies to ensure the best possible management program is offered to your association. While we are working at controlling numerous plants and algae and that growth will vary seasonally with weather; we encourage all residents to assist in the management your lake frontage with promoting healthy lake front living practices (reducing fertilizers, green belts, removing debris, raking your beach, etc). Let's all work together to continue to improve your beautiful lakes!

Aquatic Plant Management Q&A

Q. *Can we swim after a weed treatment?*

A. NO. There is a 24 hour swimming restriction within 100 feet of any treatment area of the lake. Actually, almost all of the herbicides that we use do not have a swimming restriction on the product label. However, the DEQ does not want you in the water during treatment for your safety and ours. If you see a boat spraying, please exit the lake, we come in close to shore!

Q. *Will my dog get sick if he drinks the treated water?*

A. NO. A dog would have to drink several thousand gallons of treated water to observe any noticeable effect. However, we do not want your dog in the water during or right after a treatment. Some of the herbicides we use become inactive if the sediment is stirred up in the water column. Therefore, keep the pets out of the lake for 24 hours!

Q. *Are the fish still safe to eat?*

A. YES! There are no fishing restrictions with any of our herbicide treatments. The herbicides used do not accumulate in the fish. They are safe to eat... ENJOY!
