Sugar Springs Campground

OPEN YEAR ROUND

We are now taking camping reservations for the Campground by telephone at (989) 426-4232. Please let your friends and family know they have this option to ensure that a camping spot will be waiting for them. They can secure their reservation by paying for their entire stay as much as a year in advance. Propane, campfire wood and bags of ice are available for purchase at the Campground.

CAMPGROUND FEES

	Daily	Weekly	Monthly	Group Daily*
Members	\$18.00	\$105.00	\$350.00	\$16.00
Guest	\$20.00	\$118.00	\$390.00	\$17.00
Public	\$21.00	\$126.00	\$465.00	\$18.00
Surcharge	\$11.00	\$42.00	\$132.00	\$11.00

From Dec. 1st thru Feb. 28th a surcharge will be added to the above fees

SSPOA NEWS

From the Board of Directors

Open letter to Sugar Springs Member Only. You do not have permission to post on Social Media.

Kindness breed kindness. Generosity breeds generosity.

As we begin our summer season here in Sugar Springs, we do so with a weekend that honors our service men and women who died in wars. It is a way we can deliberate on the price of conflict and pay tribute to those who paid in full. We also have many veterans in our community. If you happen to meet one of them, thank him or her for their service. It's a small gesture with large returns.

We are also moving toward many activities planned by our Recreation Committee. Please participate in as many possible, especially the day-long Arts & Craft Show and Bake Sale on July 6. Information on these events is on SugarSprings.net.

Please consider making donations for the annual Fireworks display on the evening of July 6. The more we receive, the grander the show!

Lastly, this is the year for the Bi-annual Sugar Springs Rummage Sale. Save your good, saleable items (no clothes or shoes) to donate to the Rec Committee. This is one of their primary fundraisers which allows them to do so much for our community.

Remember the more we dig deep for Sugar Springs, the more we will receive in return.

God Bless our Veterans and Families of fallen heroes.

Jim Issitt
President, SSPOA Board of Directors

Mitten Mowing^{LLC} & Landscaping

Mitten Mowing and Landscaping is owned by Robert and Vicky Tidwell. They have been running their business in the Mid-Michigan area since 2016. Before moving to the area, they owned a Lawn Care Business in Southeast Ohio, that helped them pay for college. They moved back to Michigan to be closer to family and continued their dedication to lawn care.

Robert has a passion for making beautiful landscapes and showing a lawn's true beauty. His passion really ignited when he was an apprentice at a Landscape Architect Firm in Alpharetta, Georgia.

Vicky grew up in Michigan and has spent many years in the customer service field. She uses her knowledge to provide a quality experience for their customers and enjoys engaging with them.

GLADWIN – The 8th Annual Souper Challenge was held on Saturday, March, 2 at the Knights of Columbus Hall in Gladwin. The yearly fundraiser for the Gladwin County Community Foundation pits local restaurants and dining services against one another to determine who has the best soup in Gladwin County.

This year, the Hearth Restaurant was awarded 1st Place in both the Judges Choice and Peoples choice categories for their entry of our Poblano Corn Chowder.

Congratulations to our restaurant staff for a great accomplishment!!

Hearth MENU

Starters

FLAMING SAGANAKI

Kasseri cheese diffused in brandy, served with table side lemon and warm pita bread 8

A&E Committee

NOTES FROM THE ARCHITECTURAL AND ENVIRONMENTAL CONTROL COMMITTEE

Lately a few members have taken on projects at their homes that require approval from this committee, without getting a permit prior to construction. This is in violation of the Covenants and Bylaws and could subject the member to fines or other actions. If there is any question as to whether a permit is required for any work please contact the POA office or the A & E Committee to be sure. The Committee meets every Tuesday at 9:00 am in the basement of the Activities Building, or the members may be reached through the POA office. The "[Pure Sugar Springs](#)" Website is not an official site of Sugar Springs and the advice from there is merely the opinion of the responder and should not be relied on for legal advice.

Below is the general policy of the AECC regarding violations:

A&E VIOLATIONS POLICY

Violation first noted – letter of notice of violation with deadline for correction
(Usually 30 days from date of letter).

Second notice of violation – includes notice of fine and new deadline for corrective action (usually 30 days from second notice).

Third notice of violation – includes secondary fine amount, notice of suspension of use of commons areas, and notice of referral to POA attorney for action.

Violations will include, but are not limited to:

- Failure to meet setback requirements
- More than one outbuilding on a lot with a house
- Outbuilding not same color as house
- Trailers parked improperly on lot
- Camping unit on lot with house
- Camping on lot with no camping permit displayed
- Wellhouse on camping lot not consistent with regulations
- Prohibited items left on camping lot at end of camping season
- Tarps on lots
- Firewood not stacked according to regulations
- Signs improperly displayed
- Docks exceeding 20 feet over the water or four feet in width

Initial fines for violations will typically be \$25.00. Secondary fines will typically be \$50.00.

FAILURE TO OBTAIN THE PROPER PERMIT OR APPROVAL PRIOR TO STARTING ANY WORK OR PHYSICAL ACTIVITY ON ANY PROJECT REQUIRING A PERMIT OR APPROVAL DOES NOT RELIEVE THE PROPERTY OWNER FROM THE OBLIGATION OF OBTAINING THE REQUIRED PERMIT.

PERMITS OBTAINED AFTER STARTING WORK OR PHYSICAL ACTIVITY WILL INCUR A PERMIT FEE OF UP TO TWO HUNDRED FIFTY DOLLARS (\$250.00) FOR THE FIRST OCCURENCE, PLUS MEETING THE REQUIREMENTS OF THE COVENANTS AND BYLAWS OF SUGAR SPRINGS. THE SECOND AND SUBSEQUENT OCCURRENCE(S) OF A FAILURE TO OBTAIN PRIOR APPROVAL FOR THE SAME OR ANY OTHER PROJECT WILL INCUR A PERMIT FEE OF UP TO FIVE HUNDRED DOLLARS (\$500.00).

SUGAR SPRINGS A & E COMMITTEE

I think most of us agree that Sugar Springs is a great place to live or camp as well as being a sound financial investment. One of the reasons we are “Mid-Michigan’s best kept secret” is the rules that govern our environment.

Everyone who owns property in Sugar Springs, whether it be a home lot, camping lot or vacant lot, is subject to and bound by the Covenants, By-laws and all additional Regulations and Policies that have been enacted by the Boards of Directors over the last 48 years. These rules are easy to live with and make us who we are today.

The Architectural & Environmental Control Committee is made up of volunteers, who are your neighbors, and is tasked with administering and enforcing the rules pertaining to our environment. A key part of our duties is the approval process for permits for construction. The SS rules require that any owner wanting to build anything on, or modify a lot, must get approval from the A & E Committee. This includes lot modifications (move dirt, cut down trees, install gravel pad, etc.), construction of any structure (home, garage, shed, addition, outbuilding, deck, gazebo, well house, etc.). The rules also require a permit for any color selections or changes to the above structures.

Each member received a copy of the SS Regulations and Policies with their invoice for fees this year. We ask that you read these rules so you won’t be surprised if you get a call or letter. **If you are planning any type of construction or lot modification please FIRST obtain a copy of the SS Construction Pamphlet and Permit Application and read the requirements therein, hopefully avoiding any problems.**

Dear Member's/Property Owners,

Welcome back to the golf season!! The golf course activities get rolling the first week of May. See League information listed below:

Monday - Sign-up Golf Groups begins May 13th 9AM

Tuesday - Ladies League May 30th (Fun Day)

SSWGA - Spring Scramble - May 18th

May 18th - PM Sign - up in Pro Shop or at Morning Meeting

Golf Demo Day - Saturday - May 25th - Driving Range from 9:30AM - 12:45PM. Sales Reps from Taylor Made and Cobra Golf will be here with their new equipment. If you are interested in a fitting experience, please call the pro shop 989.426.1162.

The golf course wishes to thank Lynn Woodruff for his service for the last 47 years. Lynn has retired this Spring after getting the course open this season. The two assistants that he has trained over the past 5-6 years will take over his role moving forward. Thanks again Lynn and enjoy your retirement in Sugar Springs.

As a reminder for golfers, please call the pro shop for tee times 989.426.1162. If you are a prepaid member with a private cart living on the course you **MUST** call to register prior to playing. We will be utilizing different times throughout the day for maintenance practices to recover from the late Spring start. ***In addition the golf course is only for playing golf, no walking, biking or other activities allowed!!***

The Hearth Restaurant is offering two \$12.50 lunch items (per person) for Sadie participants & spouses (if not playing) which includes tea, coffee or soft drink, tax and tip, Ordering from the menu is unavailable.

Sadie Hawkins Entry Form

Player 1 _____

Green Tees / Silver Tees
Circle One

Player 2 _____

Gold Tees
Men will play Gold

ENTRY FEE \$25 Per Couple Paid via _____

GOLF COURSE FEE Non Golf Member \$30 per Golfer Paid via _____

Pick people to play with us. We will be playing with _____
Choose One of the Above

Food Choices - \$12.50 per person All Choices Include: Choice of Coffee, Tea or Soda, Tax & Tip

_____ Hamburger with lettuce, tomato and onions. Served with fries and coleslaw.

_____ Club Wrap - Ham, smoked turkey, bacon, Swiss cheese, lettuce, tomatoes & mayo wrapped in a flour tortilla. Served with fries and coleslaw.

Food Choices \$25.00 Per couple Paid via _____

Sugar Springs Golf Club

Veterans Fundraiser

1st Place - Men - 65

Jay Hehn, Fred Jerome, Frank Mitchick, Bill Groff

1st Place - Mixed Team - 63

Mark Ehrke, Dave Gossett, Mert Gossett, Debbie Williams

1st Place - Ladies Team - 76

Pam Alward, Betty Bossick, Janet Brugh, Cheryl Selwood

Closest to Pin – 3 – Jay Hehn

Closest to Pin – 5 – Dave Gossett

Closest to Pin – 12 – Bonnie Klott

Closest to Pin – 15 – Hehn, Jerome, Groff, Mitchick

Boating Safety Class

When: Saturday, July 13th

Time: 9am to 3pm

Where: Activity Building

Cost: Class is free, \$5 for lunch paid in advance

Who may attend the class?

Age requirement for the course is at least 6 months before your 12th Birthday to adults. A safety boater certificate is required for those born on or after July 1, 1996 to legally operate a boat in Michigan and must have it on board with them.

Results: Obtain your Boating Safety Certificate

Come in or call
the POA Office to register!

Sugar Springs Lakes Committee

Lakes Committee News

The Boating & Fishing season is upon us here at Sugar Springs and with that comes Reminders of what we can or cannot do on the waters of our lakes. Enclosed are many of the rules of the road, please read them but also use them while on the lakes. We all want to enjoy our little piece of paradise. Respect others while using the lakes.

Enclosed are Butman Township Ordinances regarding Boating on Lake Lancer and Lake Lancelot. Please have your family members and friends read them and if you rent your home or cottage this summer make sure that those renting also read and understand all the rules of the road. Give them copies or at least have it available when they arrive. They are as responsible for the safety of all in and on the water as anybody else who might be enjoying the lakes. One area of concern has been Wake boats and their increased wave action on the shoreline and other boats nearby. The State is currently taking under review having these types of boats staying 200 ft from the shoreline or any projection from the shore to lessen the wave force on the shoreline. It was also proposed that no wake boat be used in water less than 9 ft. deep.

Lakes Committee have been E-coli water testing at four swimming areas Kings Way, Huntington, Islanders, & Berkshire before each major summer holiday. This year testing for this Memorial Day period indicated no E-coli problems. It is always recommended that one showers or bathes after swimming in the Lakes.

Please read and understand that the State has implemented state wide new restrictions for boats going in or coming out of the water hopefully to slow down the increase of Invasive species in our lakes. Aerial views

BOATING ON LAKE LANCELOT AND LAKE LANCER OPERATING REGULATIONS & RULES OF THE ROAD

Safety is the primary consideration to having a safe and enjoyable outing. The excitement, fun, and the thrills come in at a distant second. Enjoy our lakes!

Township ordinance prescribes slow/no wake speeds between the hours of 7:30 pm to 11:00 am daily.

A person shall not operate a Personal Watercraft (PWC) during the period that begins one (1) hour before sunset and ends at 8:00 am.

No skiing, tubing or towing without an observer.

Do not operate your boat or PWC within 100 feet of stationary objects, docks, swimming areas, shorelines or anchored boats unless operating at slow/no wake speeds.

Operate your watercraft in a counter-clockwise fashion for all water activities.

Observe all slow / no wake signs.

Do not operate your boat if you have been drinking.

Racing is prohibited.

Non-motorized craft (sailboats, rowboats, canoes, etc.) have the right-of-way over motorboats.

Any boat being overtaken has the right-of-way.

Personal Watercraft must obey the same rules as other boats.

A PWC shall not cross a wake closer than 150 feet from the boat making the wake.

No boat shall operate without proper lighting between sunset and sunrise.

Riding on the Bow is illegal if the vessel is not equipped with bow seating and is operating at greater than slow/no wake speed. It is illegal to ride on the gunwale.

Persons born after December 31, 1978, may not operate a PWC unless they have obtained a boating safety certificate.

The rider on a PWC is not to be sitting ahead of the driver (pg 23) of the boater safety booklet

Lake Lancer

An ordinance to regulate the speed of vessels and to provide for the safe use of the waters in Butman Township, Gladwin County: enacted under the authority of Act 303, Public Acts of 1967, as amended (M.S.A. 18.1287 (17)), being identical to State Administrative Rules filed in the Office of the Secretary of State.

THE TOWNSHIP OF BUTMAN ORDAINS:

SECTION I

All words and phrases used in this ordinance shall be construed and have the same meanings as those words and phrases defined in Act 303, P.A. 1967, as amended, M.S.A. 18.1287 (8).

SECTION II

Regulation No. 26, Gladwin County.

R 281.726.1. **Lake Lancer** slow—no wake speed zone.

Rule 1. On the waters of Lake Lancelot and the canals and channels connected thereto, section 16, 17, and 20; T20N, R1W, Butman Township, Gladwin County, it is unlawful for the operator of a vessel to exceed a slow—no wake speed when within 100 feet of any shore, dock, raft, buoyed or occupied bathing area, or vessel moored or at anchor, except when water skiers are being picked up or dropped off, if that operation is otherwise conducted with due regard to the safety of persons and property and in accordance with the laws of this state.

SECTION III

All other ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION IV

Violations of this ordinance are a misdemeanor and may be punished by a fine not to exceed one hundred dollars (\$100.00) together with costs of prosecution or imprisonment in the county jail or

Ordinance No. 2A – Speed of Vessels and Safe Use of Waters

Butman Township, Gladwin County, Michigan

Lake Lancelot

An ordinance to regulate the speed of vessels and to provide for the safe use of the waters in Butman Township, Gladwin County: enacted under the authority of Act 303, Public Acts of 1967, as amended (M.S.A. 18.1287 (17)), being identical to State Administrative Rules filed in the Office of the Secretary of State.

THE TOWNSHIP OF BUTMAN ORDAINS:

SECTION I

Violations of this ordinance are a misdemeanor and may be punished by a fine not to exceed one hundred dollars (\$100.00) together with costs of prosecution or imprisonment in the county jail or

Regulation No. 26 – GLADWIN COUNTY

Wc-26-95-002 *Lake Lancelot*: HOURS FOR HIGH SPEED BOATING

On the water of lake Lancelot, all within sections 15, 16, 17, 20, 21 and 29, T.19N, T. 20N, R.1 W, Butman Township, Gladwin County, it is unlawful between the hours of 6:30 p.m. and 10 a.m. of the following day to:

A. Operate a vessel at high speed

B. Have a tow or otherwise assist in the propulsion of a person on water skis, a water sled, kite, surfboard, or other similar contrivance.

The hours should be 7:30 p.m. to 11:00 a.m. of the following day when Eastern Daylight Savings Time is in effect. “High speed boating” is defined by the Marine Safety Act to mean a speed at or above which a motorboat reaches a planning condition.

PWC Operation Rules *

*per 2017 Boating Michigan Course from MI DNR

Who may operate a Personal Watercraft (PWC)

- ◆ Those less than 14 years of age may NOT legally operate a PWC
- ◆ Those 14 and 15 years of age may operate a PWC legally Only if they have obtained a boating safety certificate and,....
 - He or she is accompanied on board by his or her parent or legal guardian or by a person at least 21 years of age who has been designated by the parent or legal Guardian OR...
 - He or she is operating or riding the PWC at a distance of not more than 100 feet from his or her parent or legal guardian or from a person at least 21 years of age who has been designated by the parent or legal guardian.
- ◆ Those at least 16 years of age and born after December 31, 1978, may operate a PWC legally ONLY IF they have obtained a boating safety certificate.
- ◆ Those born on or before December 31st, 1978, may operate a PWC legally without restrictions.

Requirements Specific to Personal Watercrafts (PWCS)

In addition to adhering to all boating laws, personal watercraft (PWC) operators have requirements specific to their vessel

- ◆ Each person riding on or being towed behind a PWC must wear a U.S. Coast Guard-approved wearable Type I, II, or III PFD. Inflatable PFD's may not be used.
- ◆ You may not allow a child under 7 years of age to ride on or be towed behind a PWC unless with a parent, or legal guardian or a designee of the parent or legal Guardian.
- ◆ The lanyard of a PWC'S engine cut-of switch must be attached to the person, clothing or PFD of the operator.
- ◆ It is illegal to operate a PWC during the period that begins at sunset and ends at 8 :00 am (sunset) means that time determination by the national weather service.
- ◆ PWC'S must be operated in a reasonable and prudent manor at all times, for example, the following operations are illegal:
 - Jumping the wake of another vessel unnecessarily close to the other vessel
 - Weaving your PWC through congested traffic.

- Swerving at the last possible moment in order to avoid a Collision.
- ◆A PWC must be operated at a “slow, no wake speed” if crossing within 150 feet behind another vessel unless the other is also a PWC.
- ◆You may not operate a PWC within 200 feet of a Great Lakes shoreline unless traveling at a “slow, no wake speed” perpendicular to the shoreline.
- ◆You may not operate a PWC in waters less than two feet deep unless you are operating at a “slow, no wake speed” or are docking or launching your PWC.
- ◆It is illegal to harass wildlife or disturb aquatic vegetation with your PWC.

Other PWC Considerations

- ◆Regulations concerning PWC'S can vary from state to state.
- ◆A PWC is very maneuverable and responsive to slight turns of the steering control. At high speeds, a quick turn can make the PWC unstable, causing the operator and any passenger's to fall off. This is why most state's require that everyone aboard a PWC wear a PFD.
- ◆Any passengers on a PWC should be able to hold a securely to the person in front of them or to the handholds, while keeping both feet firmly to the foot rests. Children who are too small to be able to do this should not ride.
- ◆**A passenger on a PWC should never be seated in front of the operator**
- ◆Keep hands, feet, loose clothing, and hair away from the pump intake area. Before cleaning debris front the pump intake, be sure to shut off the engine.
- ◆The jet of water exiting the steering nozzle at the rear of the PWC can cause severe internal injuries. Anyone riding on a PWC should wear a wetsuit or other clothing that provides similar protection. Also, keep everyone clear of the steering nozzle unless the PWC is shut off.
- ◆Frequently inspect your PWC electrical systems (e.g. starter and engine gauge connection) to ensure there is no potential for electrical spark. This is important because gas fumes could collect in the engine compartment and an explosion could occur if a spark from the electrical system ignited the fumes. After, fueling sniff the engine compartment for any evidence of gas fumes.
- ◆Never exceed the manufactures recommended capacity for your PWC.
- ◆Know your limits, and ride according to your abilities.

Who May Operate a Boat

.Those less than 12 years of age

May operate a boat powered by a motor of no more than 6 horsepower legally without restriction

May operate a boat powered by a motor of more than 6 horse power but no more than 35 horsepower legally **only if** they:

Have been issued a boating safety certificate and have it on board the boat **and....**

Are directly supervised on board by a person at least 16 years of age

May not operate a boat powered by a motor of more than 35 horsepower legally under any condition

.Those born on or after July 1, 1996, may operate a boat legally only if they have been issued a boating safety certificate and have it on board the boat.

.Those born before July 1, 1996 may operate a boat legally without restrictions

Starry Stonewort— Exotic Plant WATCHLIST

Starry stonewort has been quickly spreading throughout Michigan and is one of the primary focuses of management on Lake Lancelot and Lancer. Starry stonewort (*Nitellopsis obtusa*) looks like a rooted plant but it is actually an algae. The plant is native to Europe and Asia and was first discovered in the St. Lawrence River in 1978. In 1983, it was found in the Detroit River and has since infested many Michigan lakes. Starry stonewort resembles the native aquatic plant *Chara*. Unlike *Chara*, which is generally considered to be a beneficial plant, starry stonewort has a tendency to inhabit deeper portions of the lake and can form dense blankets several feet thick. These mats can severely impede navigation and limit growth of more beneficial plants. Starry stonewort anchors to the sediments through rhizoids (primitive root structures) which can also absorb nutrients. Like *Chara*, starry stonewort also absorbs nutrients from the water through its cell walls. Starry stonewort has tiny, star-shaped, tan colored reproductive structures called bulbils that are firm to the touch when compared to its soft branches. These reproductive bulbils have been shown to stay viable for several years in lake sediments. It is unclear what effects starry stonewort may have on a lake's fishery. However, the encroachment of starry stonewort into fish spawning beds may be a cause for concern. Both algaecides and mechanical harvesting appear to be somewhat effective in controlling starry stonewort. However, given its propensity to produce massive amounts of growth, efforts to keep this invasive algae at bay will be difficult and potentially expensive. We are constantly on the lookout for new infestations of SSW for quick action. Please keep your eyes on the look out!

Riparian Responsibilities

Yes, if you live on a lake, YOU have responsibilities. Properly maintaining your lawn near the lake is an essential part to a healthy aquatic ecosystem. Some ways you can help your waterbody include:

- **Do not feed the ducks and geese. Remove dog, geese and duck droppings from lawns, docks, etc. Excess feces will increase nutrients within the lake. Please, do not sweep it into the lake!**
- **Create a natural buffer close to the water's edge and remove grass/turf touching the water's edge. A natural setting will filter excess nutrients from entering the water and help decrease erosion. The greenbelt should consist of native plant varieties of shrubs, flowers or trees that do not shed their foliage into the water. Natural buffers are also an excellent way to deter geese from making a stop on your beach front. Geese do not like areas where they cannot see the predators coming towards them.**
- **If you do fertilize make sure you are using Phosphorus free fertilizer. One pound of phosphorous may produce over 775 pounds of algae—"The slimy green stuff". If you must fertilize, apply nitrogen fertilizer when the grass is actively growing to minimize loss of nutrients to nearby waters. Avoid application of fertilizer prior to rainy days.**
- **RAKE YOUR BEACH! Remove aquatic plants, leaves/branches and other debris that washes up along the lakeshore so less decomposition occurs in or near the lake.**
- **Always use silt fences when building a new home or doing any yard-work that would cause erosion. Encourage the use of stone, brick and similar porous materials when building a landscape to minimize urban water collection.**
- **Keep all burn piles and debris piles away from lake. Do not burn near the water. The ash is concentrated nutrients!**

NOTICE

Lake Lancer/Lancelot 2019 Treatment Program

The property owners in this area are planning to have the waters chemically treated to control lake weeds and/or algae. This notice is being circulated in accordance with Department of Environmental Quality (DEQ) procedures. Due to the uncertainty of weather, the treatment schedule is approximate. Please watch your shoreline for the posting of the 8.5 x 11 inch, yellow or green signs. The signs will indicate the date of the treatment, the products used, and any restrictions on the use of treated water for swimming, watering lawns, etc. One or more treatments involving water restrictive products may be applied. Please be aware that only products approved by the State of Michigan and the Federal government are being used. We have experienced **no adverse effects on people, fish, wildlife or domestic pets since applying these products**. We anticipate using one or more of the products listed. Please read the restrictions. Again, the restrictions that apply to the products actually used in a particular treatment will be found on the signs posted on the day of treatment.

2019 Proposed Treatment Plan

Lake Lancer and Lancelot have very different plant communities and each lake is independently managed for those plants with a focused plan. Lake Lancelot has an infestation of Eurasian watermilfoil and Curlyleaf pondweed. Lake Lancelot has fewer native plant species present and a large focus of the program is improving the native plant community for the overall health of the lake and fishery. Lake Lancer has an infestation of Variable leaf milfoil as well as EWM and Curlyleaf pondweed. The native plant community in Lake Lancer is diverse and some species do cause a recreational concern mid season. Focus is being made on those species and prioritizing management to maintain diversity and reduce density when able. PLM will be aggressively managing each lake using the latest technologies to ensure the best possible management program is offered to your association. While we are working at controlling numerous plants and algae and that growth will vary seasonally with weather; we encourage all residents to assist in the management your lake frontage with promoting healthy lake front living practices (reducing fertilizers, green belts, removing debris, raking your beach, etc). Let's all work together to continue to improve your beautiful lakes!

WATER USE RESTRICTIONS

- **Navigate /2,4-D:** Swimming or bathing: 1 day. Household use, irrigation, lawns and turf: 0 Days. Growing crops and non-crops "gardens": Indefinite unless assay indicates 100 ppb or less. Potable water: Indefinite unless assay indicates less than 70 ppb.
- **Sculpin G/2,4-d amine:** Swimming or bathing: 1 day. Household use, irrigation, lawns and turf: 0 Days. Non-crops "gardens": 2-14 Days depending on treatment conditions. Growing crops: assay of less than 100ppb. Livestock watering: N/A
- **Renovate/Triclopyr/Navitrol:** Swimming or bathing: 1 day. Irrigation of Established lawns and turf: 0 Days. Household use & Irrigation excluding grasses: 120 days or once assay determines product to be non-detectable.
- **Florpyrauzifen-Benzyl/ProcellaCOR:** Swimming or bathing: 1 day. Household use, irrigation, lawns and turf: 0 Days. Non-crops "gardens": 2-14 Days depending on treatment conditions. Growing crops: until assay indicates 1ppb or less. Livestock watering: N/A.
- **Fluridone/Sonar AS:** Swimming or bathing: 1 day.. Domestic water use and irrigation of turf & ornamentals or Crop irrigation: 30 days or until ppb drops below 5ppb with assay testing.
- **Diquat dibromide/Tribune:** Swimming or bathing: 1day. Animal consumption of treated water: 1 day. Domestic water use and irrigation of turf & ornamentals: 3 days. Crop irrigation: 5 days.
- **Stingray:** Swimming or bathing: 1day. Animal consumption of treated water: 1 day. Domestic water use and irrigation of turf & ornamentals: 14days. Crop irrigation: 14 days.
- **Hydrothol 191/Dimethylalkylamine salt of Endothall Aquathol K/Dipotassium salt of Endothall** Swimming or bathing: 1 day. Household uses, irrigation, livestock watering: 2 weeks.
- **Dipotassium salt of Endothall/ Diquat Dibromide/ AquaStrike/:** Swimming or bathing: 1 day. Animal consumption of treated water: 1 day. Domestic water use and irrigation of turf & ornamentals: 3 days. Household uses, irrigation, livestock watering: 2 weeks.
- **Flumioxazin/Clipper, Propeller, Schooner:** Swimming or bathing: 1day. Domestic water use and irrigation of turf & ornamentals: 3 days. Crop irrigation: 5 days.
- **Nautique/copper carbonate, Komeen/copper as elemental:** Swimming or bathing: 1 day.
- **Habitat, Imazapyr:** Swimming or bathing: 1 day. Irrigation: 120 days unless assay indicated a level of 1ppb or less.
- **PLM Blue, Cygnet Select:** water dye (tracer), **Copper Sulfate:** copper sulfate, **Citrine Plus-Ultra, Captain-XTR, SeClear and SeClear G, ea:** chelated copper, **Cygnet Plus, PolyAn:** Adjuvant: enzymes & non-ionic surfactants, **Aquasticker, M.D. pellets:** gram negative, naturally occurring bacteria. **PLM Enzyme:** enzymes, **NO RESTRICTIONS!!**

****Certified Applicators** Salvatore Adams, Randall Brazelton, Jason Broekstra, Jaimee Conroy, Bill D'Amico, Jeff Fischer, Christopher Garner, BreAnne Grabill, Dustin Grabill, Steve Hanson, Kyle Heath, Jake Hunt, Jacob Irons, Adam Kehr, Michael Krueger, James Lee, Anna Lindquist, Blake Mallory, Casey Mohr, Michael Pichla, Carly Pieri, Eric Reed, Colton Risner, Cameron Robinson, James Scherer, Alison Schermerhorn, Ben Schermerhorn, Casey Shoaff, Lucas Slagel, Keith terHorst, Jeff Tolan, Andy Tomaszewski, Dennis Vangessel, Andrew Weinberg

2019 Tentative Treatment Schedule

Treatments will be occurring throughout the summer months, beginning in May through September. Please watch your shoreline for posting signs with specific restrictions. Please also note that you will see PLM on your lake many times this summer. We will not always be treating the lake, but performing many surveys, water quality testing, etc. Thank you for your understanding as we work to preserve and protect your lakes. The following TENTATIVE SCHEDULE is being provided so everyone is aware of the Plan of Action for Sugar Springs this season. Please be aware that many factors could adjust this schedule and it is only tentative. We do our best to stick with this schedule, but plant growth, weather, permits, etc. all impact this schedule.

Lake Lancelot will be having a separate schedule this year as this lake will be receiving a lake wide Sonar Treatment, similar to the treatment a few years ago. Because of this, the lake treatment dates may differ throughout the year. The lakes have been tentatively scheduled for the following weeks of:

Lake Lancelot

May 13: Tentative Sonar Treatment*
 May 27: Algae, tentative Sonar Treatment*
 June 17: Survey, tentative Sonar Treatment*
 July 15: Survey, Algae Treatment
 August 12: Survey, Algae Treatment
 September 3: AVAS Survey both lakes

*these weeks are subject to change

Lake Lancer

May 13: Survey
 May 20: Weed & Algae Treatment
 June 17: Survey
 June 24: Weed & Algae Treatment
 July 15: Survey
 July 22: Weed & Algae Treatment
 August 12: Survey
 August 19: Weed & Algae Treatment

New Boating and Fishing Laws to Prevent the Introduction and Spread of Invasive Species

Michigan's Natural Resources and Environmental Protection Act (Act 451 of 1994) Part 413 has been amended with changes for boaters and anglers that take effect March 21, 2019. The changes are intended to strengthen protection for Michigan waterways against the introduction and spread of aquatic invasive species. Article and picture curiosity of Michigan.gov

What boaters need to know: stop aquatic hitchhikers

Prior to the amendment, the law only required that a person not place watercraft or trailers in the waters of Michigan if an aquatic plant is attached. In addition to this requirement, the new changes require all of the following prior to transporting any watercraft over land:

Removing all drain plugs from bilges, ballast tanks, and live wells.

Draining all water from any live wells and bilges.

Ensuring that the watercraft, trailer, and any conveyance used to transport the watercraft or trailer are free of aquatic organisms, including plants.

This means that after trailering boats, and before getting on the road, boaters must pull plugs, drain water and remove plants and debris.

Violation of the law is a state civil infraction and violators may be subject to fines up to \$100.

What anglers need to know: Don't dump your bait

For anglers, these amendments codify the Michigan DNR's Fisheries Order 245 regarding the release of baitfish, collection and use of baitfish and cut bait, and release of captured fish, specifically:

A person shall not release baitfish in any waters of this state. A person who collects fish shall not use the fish as bait or cut bait except in the inland lake, stream, or Great Lake where the fish was caught, or in a connecting waterway of the inland lake, stream, or Great Lake where the fish was caught if the fish could freely move between the original location of capture and the location of release.

A person, who catches fish other than baitfish in a lake, stream, Great Lake, or connecting waterway shall only release the fish in the lake, stream, or Great Lake where the fish was caught, or in a connecting waterway of the lake, stream, or Great Lake where the fish was caught if the fish could freely move between the original location of capture and the location of release.

Whether purchased or collected, unused baitfish should be disposed of on land or in the trash – never in the water. Any baitfish an angler collects may be used only in the waters where it was originally collected.

Anglers who are catching and releasing fish should only release the fish back into the same water or in a connecting body of water the fish could have reached on its own.

Violation of the law is a state civil infraction and violators may be subject to fines up to \$100.

What you should do:

To comply with the law and prevent the introduction and spread of aquatic invasive species, boaters should:

CLEAN boats, trailers and equipment. **DRAIN** live wells, bilges and all water - pull all drain plugs.

DRY boats and equipment. **DISPOSE** of unwanted bait in the trash.

Before leaving and before launching...
inspect everything!

New Requirements for Michigan Boaters and Anglers to Prevent the Introduction and Spread of Aquatic Invasive Species

February 28, 2019

Michigan's Natural Resources and Environmental Protection Act (Act 451 of 1994) Part 413 has recently been amended with changes for boaters and anglers that take effect March 21, 2019. The changes are intended to strengthen protection for Michigan waterways against the introduction and spread of aquatic invasive species. Prior to the amended changes, the law only required that a person not place watercraft or trailers in the waters of Michigan if an aquatic plant is attached. In addition to this requirement, the new changes require all of the following prior to transporting any watercraft over land:

- Removing all drain plugs from bilges, ballast tanks, and live wells
- Draining all water from any live wells and bilges
- Ensuring that the watercraft, trailer, and any conveyance used to transport the watercraft or trailer are free of aquatic organisms, including plants

This means that after trailering boats, and before getting on the road, boaters must pull plugs, drain water and remove plants and debris. Additionally, the new amended law also incorporates requirements from Michigan's Department of Natural Resources' Fisheries Order 245 that will also help to prevent the introduction and spread of aquatic invasive species as well as fish diseases:

- A person shall not release bait fish in any waters of this state. A person who collects fish shall not use the fish as bait or cut bait except in the inland lake, stream, or Great Lake where the fish was caught, or in a connecting waterway of the inland lake, stream, or Great Lake where the fish was caught if the fish could freely move between the original location of capture and the location of release.

- A person shall not release bait fish in any waters of this state. A person who collects fish shall not use the fish as bait or cut bait except in the inland lake, stream, or Great Lake where the fish was caught, or in a connecting waterway of the inland lake, stream, or Great Lake where the fish was caught if the fish could freely move between the original location of capture and the location of release.

- A person, who catches fish other than bait fish in a lake, stream, Great Lake, or connecting waterway shall only release the fish in the lake, stream, or Great Lake where the fish was caught, or in a connecting waterway of the lake, stream, or Great Lake where the fish was caught if the fish could freely move between the original location of capture and the location of release.

Violation of the law is a state civil infraction and violators may be subject to fines up to \$100.

To comply with the law and prevent the introduction and spread of aquatic invasive species, boaters should:

1. **CLEAN** boats, trailers and equipment.
2. **DRAIN** live wells, bilges and all water.
3. **DRY** boats and equipment.
4. **DISPOSE** of unwanted bait in the trash.

Thanks...

with a cherry on top!

*The sun came out and so did the crowd.
Thanks for making the
Ice Cream Social a fun event
for kids of all ages in Sugar Springs!*

Kudos to
Unicorn Princesses Emma & Kennedy Kuhlman
Bubble Queen Betty Bossick
Bubble Princess Deb Krenz
Face Painters L. Beuthin, J. Smith, D. Kolhoff,
D. Plocharczyk, B. Hubenet, K. Slack,
and Organizer C. Krecioch
Storyteller Joe Remenar
Photographer David Poxon

We especially appreciate the time donated by
the Butman Township Fire Department
and the Sanders hot fudge, carmel and pumps
from Bill Koch!

And, a sweet thanks to all the dippy and saucy
helpers on the line! From keeping the line moving,
to cleaning the tables, to pumping the hot fudge,
teamwork made it happen. Thanks!
SS Recreation Committee

<p>What: SUGAR SPRINGS ARTISTS When: Tuesdays –Painting on Your Own Where: Activity Building Time: 10:00 AM Cost: \$10/year + Art Classes once a month at \$15 plus supplies Contact: Carole Krecioch, Coordinator caronkre@gmail.com Comments: Mostly two-dimensional artists in all mediums – acrylic, charcoal, graphite, oil, pastels, pen & ink, watercolors, photography, quilt art, sculpting, weaving & woodworking. BUTMAN TOWNSHIP NEWS

SEWER NEWS

TOILET PAPER, TOILET PAPER, TOILET PAPER!!! Do not flush anything else down your commodes or the results could be costly repairs for the **HOMEOWNER** if blockages occur on your property. Pumps are being pulled often due to rags and flushable wipes, causing costly repairs.

Check your sewer billing for the Smoke Testing literature which will begin May 6 – 8th – weather permitting. This test will help us locate the Inflow/Infiltration areas in the sewer system caused by breaks in the lines. For more information call Butman Township 426-4351 or go to our website.

TREASURER'S NOTES

Welcome to Nancy Greene the new Treasurer of Butman Township. The e-mail address continues to be butmantreasurer@gmail.com for any tax or property questions.

REMINDER, if you haven't paid your 2018 property tax, you must call the Gladwin County Treasurer's Office at 426-7251 for your delinquent taxes. On July 1st your 2019 taxes will be mailed to the current address on record. For change of address it must be requested in writing by letter or email and sent to Butman Township Treasurer.

ROADS

The Township budgeted \$20,000.00 for the maintenance of Township roads which will include the gravel roads, brining and \$15,000.00 towards crack sealing. Also, we will be doing UltraThin overlay on Greensboro Way, Dormie Court and Kingsway from Sugar River to Butman.

RUBBISH

Calendars for rubbish pickup dates are available at the Butman Township Hall. You may also go to www.butmantwp.com to view the calendar and print it.

Visit our website often to keep updated on important information! We are looking forward to another great summer in Sugar Springs and surrounding areas!!
