Sugar Springs Campground

OPEN YEAR ROUND

We are now taking camping reservations for the Campground by telephone at (989) 426-4232. Please let your friends and family know they have this option to ensure that a camping spot will be waiting for them. They can secure their reservation by paying for their entire stay as much as a year in advance. Propane, campfire wood and bags of ice are available for purchase at the Campground.

CAMPGROUND FEES

	Daily	Weekly	Monthly	Group Daily*
Members	\$18.00	\$105.00	\$350.00	\$16.00
Guest	\$20.00	\$118.00	\$390.00	\$17.00
Public	\$21.00	\$126.00	\$465.00	\$18.00
Surcharge	\$11.00	\$42.00	\$132.00	\$11.00

From Dec. 1st thru Feb. 28th a surcharge will be added to the above fees

SSPOA NEWS

From the Board of Directors

Open letter to Sugar Springs Member This communication is for Sugar Springs Property Owners Association members and cannot be reproduced/ pasted or shared to social media

It has been a very challenging yet productive year for Sugar Springs. The Board appreciates the vote of confidence afforded us by the membership. Just as importantly, a large part of our appreciation goes to a single individual. Dale Maxim served this community with dignity for 14 years as a member of the board. I have been privileged for the last four years to have him at my side as Vice President. His enthusiasm, experience and expertise are an important aspect of many of the improvements this community has seen. Thank you, Dale, from the entire board for all you have contributed to Sugar Springs. Your integrity and professionalism will be missed.

We continue to follow the development plans set forth by the membership in 2008: to improve where possible all amenities for our Sugar Springs members. Beach Clubs / Hiking Trails ; Infrastructure / Camper Storage and many others are seeing progress. A new questionnaire was developed and mailed in 2016/2017 to get fresh membership input, which aided the Board in planning its current course, as well as for the years to come. We are making significant progress, but we still have a long road to travel.

A special thanks from the Board goes out to each and every person who volunteers their time and energy to serve on committees. These people are our lifeblood; their recommendations assist the Board in planning and decision making at each turn. A very *special* thanks to those individuals who go above and beyond as Chairpersons on these committees.

The Board wants to recognize all volunteers for their assistance in things such as Arts and Crafts Show, Ice Cream Social, Dances, Rummage Sale, Golf Tournaments, and Neighborhood Watch. Thank you all!

I personally want to thank the other Board members, as well as Bob and the POA office staff, for supporting me while I am in this position. Their help is invaluable.

We have a tremendous jewel here and I hope each of you will continue to support the Board in its efforts to take Sugar Springs to the next level.

Jim Issitt – SSPOA Board President

Mitten Mowing LLC & Landscaping

Mitten Mowing and Landscaping is owned by Robert and Vicky Tidwell. They have been running their business in the Mid-Michigan area since 2016. Before moving to the area, they owned a Lawn Care Business in Southeast Ohio, that helped them pay for college. They moved back to Michigan to be closer to family and continued their dedication to lawn care.

Robert has a passion for making beautiful landscapes and showing a lawn's true beauty. His passion really ignited when he was an apprentice at a Landscape Architect Firm in Alpharetta, Georgia.

Vicky grew up in Michigan and has spent many years in the customer service field. She uses her knowledge to provide a quality experience for their customers and enjoys engaging with them.

Restaurant Hours

Sunday - 9:00 a.m. - 9:00 p.m.

Monday - Thursday - 11:00 a.m. - 9:00 p.m.

Friday - Saturday - 11:00 a.m. - 11:00 p.m.

GLADWIN – The 8th Annual Souper Challenge was held on Saturday, March, 2 at the Knights of Columbus Hall in Gladwin. The yearly fundraiser for the Gladwin County Community Foundation pits local restaurants and dining services against one another to determine who has the best soup in Gladwin County.

This year, the Hearth Restaurant was awarded 1st Place in both the Judges Choice and Peoples choice categories for their entry of our Poblano Corn Chowder.

Congratulations to our restaurant staff for a great accomplishment!!

\$6.95

A&E Committee

NOTES FROM THE ARCHITECTURAL AND ENVIRONMENTAL CONTROL COMMITTEE

Lately a few members have taken on projects at their homes that require approval from this committee, without getting a permit prior to construction. This is in violation of the Covenants and Bylaws and could subject the member to fines or other actions. If there is any question as to whether a permit is required for any work please contact the POA office or the A & E Committee to be sure. The Committee meets every Tuesday at 9:00 am in the basement of the Activities Building, or the members may be reached through the POA office. The "[Pure Sugar Springs](#)" Website is not an official site of Sugar Springs and the advice from there is merely the opinion of the responder and should not be relied on for legal advice.

Below is the general policy of the AECC regarding violations:

A&E VIOLATIONS POLICY

Violation first noted – letter of notice of violation with deadline for correction
(Usually 30 days from date of letter).

Second notice of violation – includes notice of fine and new deadline for corrective action (usually 30 days from second notice).

Third notice of violation – includes secondary fine amount, notice of suspension of use of commons areas, and notice of referral to POA attorney for action.

Violations will include, but are not limited to:

- Failure to meet setback requirements
- More than one outbuilding on a lot with a house
- Outbuilding not same color as house
- Trailers parked improperly on lot
- Camping unit on lot with house
- Camping on lot with no camping permit displayed
- Wellhouse on camping lot not consistent with regulations
- Prohibited items left on camping lot at end of camping season
- Tarps on lots
- Firewood not stacked according to regulations
- Signs improperly displayed
- Docks exceeding 20 feet over the water or four feet in width

Initial fines for violations will typically be \$25.00. Secondary fines will typically be \$50.00.

FAILURE TO OBTAIN THE PROPER PERMIT OR APPROVAL PRIOR TO STARTING ANY WORK OR PHYSICAL ACTIVITY ON ANY PROJECT REQUIRING A PERMIT OR APPROVAL DOES NOT RELIEVE THE PROPERTY OWNER FROM THE OBLIGATION OF OBTAINING THE REQUIRED PERMIT.

PERMITS OBTAINED AFTER STARTING WORK OR PHYSICAL ACTIVITY WILL INCUR A PERMIT FEE OF UP TO TWO HUNDRED FIFTY DOLLARS (\$250.00) FOR THE FIRST OCCURENCE, PLUS MEETING THE REQUIREMENTS OF THE COVENANTS AND BYLAWS OF SUGAR SPRINGS. THE SECOND AND SUBSEQUENT OCCURRENCE(S) OF A FAILURE TO OBTAIN PRIOR APPROVAL FOR THE SAME OR ANY OTHER PROJECT WILL INCUR A PERMIT FEE OF UP TO FIVE HUNDRED DOLLARS (\$500.00).

SUGAR SPRINGS A & E COMMITTEE

I think most of us agree that Sugar Springs is a great place to live or camp as well as being a sound financial investment. One of the reasons we are “Mid-Michigan’s best kept secret” is the rules that govern our environment.

Everyone who owns property in Sugar Springs, whether it be a home lot, camping lot or vacant lot, is subject to and bound by the Covenants, By-laws and all additional Regulations and Policies that have been enacted by the Boards of Directors over the last 48 years. These rules are easy to live with and make us who we are today.

The Architectural & Environmental Control Committee is made up of volunteers, who are your neighbors, and is tasked with administering and enforcing the rules pertaining to our environment. A key part of our duties is the approval process for permits for construction. The SS rules require that any owner wanting to build anything on, or modify a lot, must get approval from the A & E Committee. This includes lot modifications (move dirt, cut down trees, install gravel pad, etc.), construction of any structure (home, garage, shed, addition, outbuilding, deck, gazebo, well house, etc.). The rules also require a permit for any color selections or changes to the above structures.

Each member received a copy of the SS Regulations and Policies with their invoice for fees this year. We ask that you read these rules so you won’t be surprised if you get a call or letter. **If you are planning any type of construction or lot modification please FIRST obtain a copy of the SS Construction Pamphlet and Permit Application and read the requirements therein, hopefully avoiding any problems.**

The Camping Committee of Sugar Springs wants to Thank You for your support!!! For the 3rd year in a row the Camping Committee is able to donate \$500.00 to our amazing fireworks show!

We hope to see everyone at the craft fair on Saturday July 6th, we are located by the food tent, and will have a large selection of Sugar Springs merchandise available for purchase. This is also where to get your raffle tickets for a "Full Winterization Package" donated by All Sport Repair.

SS Camping Committee presents

SUGAR SPRINGS APPAREL & MORE

- **sweatshirts**
- **tshirts**
- **hoodies**
- **hats**
- **coozies**
- **mugs**
- **clings**

**GREAT SELECTION
OF "ON HAND"
INVENTORY!
FIRST COME FIRST
SERVE**

Old Favorites &
NEW STYLES

AVAILABLE JULY 6TH

**Join us at the Art and Craft Show
July 6th, 2019 - 10am to 3pm
5477 Worthington Ct, Gladwin, Michigan**

***All proceeds benefit Sugar Springs**

SS Camping Committee

SUMMER 2019 EVENTS!

JULY 6TH

SS Swag!!

Purchase SS apparel & more at the annual craft fair! Check out new designs or purchase an old favorite.

JULY 27TH

Boat Parade!

Rain Date: Aug 10th
more details to come

The Camping Committee Potluck Picnic has been **CANCELLED**.
was scheduled for Aug 10th

OCT 5TH

Trunk or Treat

more info at a later date

Halloween Dinner/Dance

Costume Party **NEW EVENT!!**

Tickets will be sold later this season.

Boating Safety Class

When: Saturday, July 13th

Time: 9am to 3pm

Where: Activity Building

Cost: Class is free, \$5 for lunch paid in advance

Who may attend the class?

Age requirement for the course is at least 6 months before your 12th Birthday to adults. A safety boater certificate is required for those born on or after July 1, 1996 to legally operate a boat in Michigan and must have it on board with them.

Results: Obtain your Boating Safety Certificate

Come in or call
the POA Office to register!

Sugar Springs Lakes Committee

BOATING ON LAKE LANCELOT AND LAKE LANCER OPERATING REGULATIONS & RULES OF THE ROAD

Safety is the primary consideration to having a safe and enjoyable outing. The excitement, fun, and the thrills come in at a distant second. Enjoy our lakes!

Township ordinance prescribes slow/no wake speeds between the hours of 7:30 pm to 11:00 am daily.

A person shall not operate a Personal Watercraft (PWC) during the period that begins one (1) hour before sunset and ends at 8:00 am.

No skiing, tubing or towing without an observer.

Do not operate your boat or PWC within 100 feet of stationary objects, docks, swimming areas, shorelines or anchored boats unless operating at slow/no wake speeds.

Operate your watercraft in a counter-clockwise fashion for all water activities.

Observe all slow / no wake signs.

Do not operate your boat if you have been drinking.

Racing is prohibited.

Non-motorized craft (sailboats, rowboats, canoes, etc.) have the right-of-way over motorboats.

Any boat being overtaken has the right-of-way.

Personal Watercraft must obey the same rules as other boats.

A PWC shall not cross a wake closer than 150 feet from the boat making the wake.

No boat shall operate without proper lighting between sunset and sunrise.

Riding on the Bow is illegal if the vessel is not equipped with bow seating and is operating at greater than slow/no wake speed. It is illegal to ride on the gunwale.

Persons born after December 31, 1978, may not operate a PWC unless they have obtained a boating safety certificate.

The rider on a PWC is not to be sitting ahead of the driver (pg 23) of the boater safety booklet

Lake Lancer

An ordinance to regulate the speed of vessels and to provide for the safe use of the waters in Butman Township, Gladwin County: enacted under the authority of Act 303, Public Acts of 1967, as amended (M.S.A. 18.1287 (17)), being identical to State Administrative Rules filed in the Office of the Secretary of State.

THE TOWNSHIP OF BUTMAN ORDAINS:

SECTION I

All words and phrases used in this ordinance shall be construed and have the same meanings as those words and phrases defined in Act 303, P.A. 1967, as amended, M.S.A. 18.1287 (8).

SECTION II

Regulation No. 26, Gladwin County.

R 281.726.1. **Lake Lancer** slow—no wake speed zone.

Rule 1. On the waters of Lake Lancelot and the canals and channels connected thereto, section 16, 17, and 20; T20N, R1W, Butman Township, Gladwin County, it is unlawful for the operator of a vessel to exceed a slow—no wake speed when within 100 feet of any shore, dock, raft, buoyed or occupied bathing area, or vessel moored or at anchor, except when water skiers are being picked up or dropped off, if that operation is otherwise conducted with due regard to the safety of persons and property and in accordance with the laws of this state.

SECTION III

All other ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION IV

Violations of this ordinance are a misdemeanor and may be punished by a fine not to exceed one hundred dollars (\$100.00) together with costs of prosecution or imprisonment in the county jail or

Ordinance No. 2A – Speed of Vessels and Safe Use of Waters

Butman Township, Gladwin County, Michigan

Lake Lancelot

An ordinance to regulate the speed of vessels and to provide for the safe use of the waters in Butman Township, Gladwin County: enacted under the authority of Act 303, Public Acts of 1967, as amended (M.S.A. 18.1287 (17)), being identical to State Administrative Rules filed in the Office of the Secretary of State.

Regulation No. 26 – GLADWIN COUNTY

Wc-26-95-002 *Lake Lancelot*: HOURS FOR HIGH SPEED BOATING

On the water of lake Lancelot, all within sections 15, 16, 17, 20, 21 and 29, T.19N, T. 20N, R.1 W, Butman Township, Gladwin County, it is unlawful between the hours of 6:30 p.m. and 10 a.m. of the following day to:

A. Operate a vessel at high speed

B. Have a tow or otherwise assist in the propulsion of a person on water skis, a water sled, kite, surfboard, or other similar contrivance.

The hours should be 7:30 p.m. to 11:00 a.m. of the following day when Eastern Daylight Savings Time is in effect. “High speed boating” is defined by the Marine Safety Act to mean a speed at or above which a motorboat reaches a planning condition.

PWC Operation Rules *

*per 2017 Boating Michigan Course from MI DNR

Who may operate a Personal Watercraft (PWC)

- ◆ Those less than 14 years of age may NOT legally operate a PWC
- ◆ Those 14 and 15 years of age may operate a PWC legally Only if they have obtained a boating safety certificate and,....
 - He or she is accompanied on board by his or her parent or legal guardian or by a person at least 21 years of age who has been designated by the parent or legal Guardian OR...
 - He or she is operating or riding the PWC at a distance of not more than 100 feet from his or her parent or legal guardian or from a person at least 21 years of age who has been designated by the parent or legal guardian.
- ◆ Those at least 16 years of age and born after December 31, 1978, may operate a PWC legally ONLY IF they have obtained a boating safety certificate.
- ◆ Those born on or before December 31st, 1978, may operate a PWC legally without restrictions.

Requirements Specific to Personal Watercrafts (PWCS)

In addition to adhering to all boating laws, personal watercraft (PWC) operators have requirements specific to their vessel

- ◆ Each person riding on or being towed behind a PWC must wear a U.S. Coast Guard-approved wearable Type I, II, or III PFD. Inflatable PFD's may not be used.
- ◆ You may not allow a child under 7 years of age to ride on or be towed behind a PWC unless with a parent, or legal guardian or a designee of the parent or legal Guardian.
- ◆ The lanyard of a PWC'S engine cut-of switch must be attached to the person, clothing or PFD of the operator.
- ◆ It is illegal to operate a PWC during the period that begins at sunset and ends at 8 :00 am (sunset) means that time determination by the national weather service.
- ◆ PWC'S must be operated in a reasonable and prudent manor at all times, for example, the following operations are illegal:
 - Jumping the wake of another vessel unnecessarily close to the other vessel
 - Weaving your PWC through congested traffic.

- Swerving at the last possible moment in order to avoid a Collision.
- ◆A PWC must be operated at a “slow, no wake speed” if crossing within 150 feet behind another vessel unless the other is also a PWC.
- ◆You may not operate a PWC within 200 feet of a Great Lakes shoreline unless traveling at a “slow, no wake speed” perpendicular to the shoreline.
- ◆You may not operate a PWC in waters less than two feet deep unless you are operating at a “slow, no wake speed” or are docking or launching your PWC.
- ◆It is illegal to harass wildlife or disturb aquatic vegetation with your PWC.

Other PWC Considerations

- ◆Regulations concerning PWC'S can vary from state to state.
- ◆A PWC is very maneuverable and responsive to slight turns of the steering control. At high speeds, a quick turn can make the PWC unstable, causing the operator and any passenger's to fall off. This is why most state's require that everyone aboard a PWC wear a PFD.
- ◆Any passengers on a PWC should be able to hold a securely to the person in front of them or to the handholds, while keeping both feet firmly to the foot rests. Children who are too small to be able to do this should not ride.
- ◆**A passenger on a PWC should never be seated in front of the operator**
- ◆Keep hands, feet, loose clothing, and hair away from the pump intake area. Before cleaning debris front the pump intake, be sure to shut off the engine.
- ◆The jet of water exiting the steering nozzle at the rear of the PWC can cause severe internal injuries. Anyone riding on a PWC should wear a wetsuit or other clothing that provides similar protection. Also, keep everyone clear of the steering nozzle unless the PWC is shut off.
- ◆Frequently inspect your PWC electrical systems (e.g. starter and engine gauge connection) to ensure there is no potential for electrical spark. This is important because gas fumes could collect in the engine compartment and an explosion could occur if a spark from the electrical system ignited the fumes. After, fueling sniff the engine compartment for any evidence of gas fumes.
- ◆Never exceed the manufactures recommended capacity for your PWC.
- ◆Know your limits, and ride according to your abilities.

Who May Operate a Boat

.Those less than 12 years of age

May operate a boat powered by a motor of no more than 6 horsepower legally without restriction

May operate a boat powered by a motor of more than 6 horse power but no more than 35 horsepower legally **only if** they:

Have been issued a boating safety certificate and have it on board the boat **and....**

Are directly supervised on board by a person at least 16 years of age

May not operate a boat powered by a motor of more than 35 horsepower legally under any condition

.Those born on or after July 1, 1996, may operate a boat legally only if they have been issued a boating safety certificate and have it on board the boat.

.Those born before July 1, 1996 may operate a boat legally without restrictions

Starry Stonewort— Exotic Plant WATCHLIST

Starry stonewort has been quickly spreading throughout Michigan and is one of the primary focuses of management on Lake Lancelot and Lancer. Starry stonewort (*Nitellopsis obtusa*) looks like a rooted plant but it is actually an algae. The plant is native to Europe and Asia and was first discovered in the St. Lawrence River in 1978. In 1983, it was found in the Detroit River and has since infested many Michigan lakes. Starry stonewort resembles the native aquatic plant *Chara*. Unlike *Chara*, which is generally considered to be a beneficial plant, starry stonewort has a tendency to inhabit deeper portions of the lake and can form dense blankets several feet thick. These mats can severely impede navigation and limit growth of more beneficial plants. Starry stonewort anchors to the sediments through rhizoids (primitive root structures) which can also absorb nutrients. Like *Chara*, starry stonewort also absorbs nutrients from the water through its cell walls. Starry stonewort has tiny, star-shaped, tan colored reproductive structures called bulbils that are firm to the touch when compared to its soft branches. These reproductive bulbils have been shown to stay viable for several years in lake sediments. It is unclear what effects starry stonewort may have on a lake's fishery. However, the encroachment of starry stonewort into fish spawning beds may be a cause for concern. Both algaecides and mechanical harvesting appear to be somewhat effective in controlling starry stonewort. However, given its propensity to produce massive amounts of growth, efforts to keep this invasive algae at bay will be difficult and potentially expensive. We are constantly on the lookout for new infestations of SSW for quick action. Please keep your eyes on the look out!

Riparian Responsibilities

Yes, if you live on a lake, YOU have responsibilities. Properly maintaining your lawn near the lake is an essential part to a healthy aquatic ecosystem. Some ways you can help your waterbody include:

- **Do not feed the ducks and geese. Remove dog, geese and duck droppings from lawns, docks, etc. Excess feces will increase nutrients within the lake. Please, do not sweep it into the lake!**
- **Create a natural buffer close to the water's edge and remove grass/turf touching the water's edge. A natural setting will filter excess nutrients from entering the water and help decrease erosion. The greenbelt should consist of native plant varieties of shrubs, flowers or trees that do not shed their foliage into the water. Natural buffers are also an excellent way to deter geese from making a stop on your beach front. Geese do not like areas where they cannot see the predators coming towards them.**
- **If you do fertilize make sure you are using Phosphorus free fertilizer. One pound of phosphorous may produce over 775 pounds of algae—"The slimy green stuff". If you must fertilize, apply nitrogen fertilizer when the grass is actively growing to minimize loss of nutrients to nearby waters. Avoid application of fertilizer prior to rainy days.**
- **RAKE YOUR BEACH! Remove aquatic plants, leaves/branches and other debris that washes up along the lakeshore so less decomposition occurs in or near the lake.**
- **Always use silt fences when building a new home or doing any yard-work that would cause erosion. Encourage the use of stone, brick and similar porous materials when building a landscape to minimize urban water collection.**
- **Keep all burn piles and debris piles away from lake. Do not burn near the water. The ash is concentrated nutrients!**

NOTICE

Lake Lancer/Lancelot 2019 Treatment Program

The property owners in this area are planning to have the waters chemically treated to control lake weeds and/or algae. This notice is being circulated in accordance with Department of Environmental Quality (DEQ) procedures. Due to the uncertainty of weather, the treatment schedule is approximate. Please watch your shoreline for the posting of the 8.5 x 11 inch, yellow or green signs. The signs will indicate the date of the treatment, the products used, and any restrictions on the use of treated water for swimming, watering lawns, etc. One or more treatments involving water restrictive products may be applied. Please be aware that only products approved by the State of Michigan and the Federal government are being used. We have experienced **no adverse effects on people, fish, wildlife or domestic pets since applying these products.** We anticipate using one or more of the products listed. Please read the restrictions. Again, the restrictions that apply to the products actually used in a particular treatment will be found on the signs posted on the day of treatment.

2019 Proposed Treatment Plan

Lake Lancer and Lancelot have very different plant communities and each lake is independently managed for those plants with a focused plan. Lake Lancelot has an infestation of Eurasian watermilfoil and Curlyleaf pondweed. Lake Lancelot has fewer native plant species present and a large focus of the program is improving the native plant community for the overall health of the lake and fishery. Lake Lancer has an infestation of Variable leaf milfoil as well as EWM and Curlyleaf pondweed. The native plant community in Lake Lancer is diverse and some species do cause a recreational concern mid season. Focus is being made on those species and prioritizing management to maintain diversity and reduce density when able. PLM will be aggressively managing each lake using the latest technologies to ensure the best possible management program is offered to your association. While we are working at controlling numerous plants and algae and that growth will vary seasonally with weather; we encourage all residents to assist in the management your lake frontage with promoting healthy lake front living practices (reducing fertilizers, green belts, removing debris, raking your beach, etc). Let's all work together to continue to improve your beautiful lakes!

WATER USE RESTRICTIONS

- **Navigator 1,4-D:** Swimming or bathing: 1 day. Household use, irrigation, lawn and turf: 0 Days. Growing crops and non-crops ("greens"): Irrigate or less away indicates 100 gal or less. Pesticide water: Irrigate or less away. In-lake section: All jobs.
- **Sculpin GZ, 4-d amine:** Swimming or bathing: 1 day. Household use, irrigation, lawn and turf: 0 Days. Non-crops ("greens"): 2-14 Days depending on treatment conditions. Growing crops: away or less than 100gal. Livestock watering: N/A.
- **Renovate/Triclopyr/Navitrol:** Swimming or bathing: 1 day. Irrigation of Established lawn and turf: 0 Days. Household use & Irrigation including greens: 100 days or more away depending on product to be non-tolerable.
- **Florpyrauxifen-Benzyl/ProflaCOR:** Swimming or bathing: 1 day. Household use, irrigation, lawn and turf: 0 Days. Non-crops ("greens"): 2-14 Days depending on treatment conditions. Growing crops: away or less than 100gal. Livestock watering: N/A.
- **Fluridone/Sonar AS:** Swimming or bathing: 1 day. Domestic water use and irrigation of turf & ornamentals or Crop Irrigation: 30 days or until phd use below Spc with away testing.
- **Diquat dibromide/Tribone:** Swimming or bathing: 1 day. Animal consumption of treated water: 1 day. Domestic water use and irrigation of turf & ornamentals: 3 days. Crop irrigation: 5 days.
- **Scorpyr:** Swimming or bathing: 1 day. Animal consumption of treated water: 1 day. Domestic water use and irrigation of turf & ornamentals: 14 days. Crop Irrigation: 14 days.
- **Hydrothol 191/Dimethylalkylamine salt of Endothal/ Aquathol K/Dipotassium salt of Endothal:** Swimming or bathing: 1 day. Household use, irrigation, livestock watering: 2 weeks.
- **Dipotassium salt of Endothal/ Diquat Dibromide/ AquaStrike:** Swimming or bathing: 1 day. Animal consumption of treated water: 1 day. Domestic water use and irrigation of turf & ornamentals: 3 days. Household use, irrigation, livestock watering: 2 weeks.
- **Flumioxazin/Clipper, Propeller, Schooner:** Swimming or bathing: 1 day. Domestic water use and irrigation of turf & ornamentals: 3 days. Crop Irrigation: 5 days.
- **Nautique/copper carbonate, Kumsen/copper as elemental:** Swimming or bathing: 1 day.
- **Habitat, Imazapyr:** Swimming or bathing: 1 day. Irrigation: 100 days unless away indicated a level or ppm or sec.
- **PLM Blue, Cygnat, Select, water dye tracer, Copper Sulfate, copper sulfate, Citrine Plus-Ultra, Captain-XTR, SeClear and SeClear G, wet chalked copper, Cygnat Plus, PolyAn: Aquasim: ammonia & non-oxo surfactants, Aquasticker, M.D. pellets, granules, naturally occurring bacteria, PLM Enzyme, cyanus, NO RESTRICTIONS.**

*Certified Applicators: Schwere Adams, Randall Brazdon, Jason Brooks, Jaime Conroy, Bill DeWick, Jeff Fisher, Christopher Garner, Ben Anne Gimpl, Dustin Gimpl, Steve Henson, Kyle Heath, Jack Hertz, Jacob Ince, Adam Kahn, Michael Krueger, James Lee, Anna Lindquist, Blake Maloney, Casey Melis, Michael Pella, Gary Pelt, Eric Reed, Colton Rosen, Cameron Rothman, James Scherer, Aaron Schermerhorn, Ben Schermerhorn, Casey Smith, Liane Sage, Keith Seifert, Jeff Tolan, Andy Tomaszewski, Dennis Waggood, Andrew Wenzel.

2019 Tentative Treatment Schedule

Treatments will be occurring throughout the summer months, beginning in May through September. Please watch your shoreline for posting signs with specific restrictions. Please also note that you will see PLM on your lake many times this summer. We will not always be treating the lake, but performing many surveys, water quality testing, etc. Thank you for your understanding as we work to preserve and protect your lakes. The following TENTATIVE SCHEDULE is being provided so everyone is aware of the Plan of Action for Sugar Springs this season. Please be aware that many factors could adjust this schedule and it is only tentative. We do our best to stick with this schedule, but plant growth, weather, permits, etc. all impact this schedule.

Lake Lancelot will be having a separate schedule this year as this lake will be receiving a lake wide Sonar Treatment, similar to the treatment a few years ago. Because of this, the lake treatment dates may differ throughout the year. The dates have been tentatively scheduled for the following weeks of:

Lake Lancelot

May 13: Tentative Sonar Treatment*
 May 27: Algae, tentative Sonar Treatment*
 June 17: Survey, tentative Sonar Treatment*
 July 15: Survey, Algae Treatment
 August 12: Survey, Algae Treatment
 September 3: AVAS Survey both lakes

*these weeks are subject to change

Lake Lancer

May 13: Survey
 May 20: Weed & Algae Treatment
 June 17: Survey
 June 24: Weed & Algae Treatment
 July 15: Survey
 July 22: Weed & Algae Treatment
 August 12: Survey
 August 19: Weed & Algae Treatment

New Boating and Fishing Laws to Prevent the Introduction and Spread of Invasive Species

Michigan's Natural Resources and Environmental Protection Act (Act 451 of 1994) Part 413 has been amended with changes for boaters and anglers that take effect March 21, 2019. The changes are intended to strengthen protection for Michigan waterways against the introduction and spread of aquatic invasive species. Article and picture courtesy of Michigan.gov

What boaters need to know: stop aquatic hitchhikers

Prior to the amendment, the law only required that a person not place watercraft or trailers in the waters of Michigan if an aquatic plant is attached. In addition to this requirement, the new changes require all of the following prior to transporting any watercraft over land:

Removing all drain plugs from bilges, ballast tanks, and live wells.

Draining all water from any live wells and bilges.

Ensuring that the watercraft, trailer, and any conveyance used to transport the watercraft or trailer are free of aquatic organisms, including plants.

This means that after trailering boats, and before getting on the road, boaters must pull plugs, drain water and remove plants and debris.

Violation of the law is a state civil infraction and violators may be subject to fine up to \$100

What anglers need to know: Don't dump your bait

For anglers, these amendments codify the Michigan DNR's Fisheries Order 245 regarding the release of baitfish, collection and use of baitfish and cut bait, and release of captured fish, specifically:

A person shall not release baitfish in any waters of this state. A person who collects fish shall not use the fish as bait or cut bait except in the inland lake, stream, or Great Lake where the fish was caught, or in a connecting waterway of the inland lake, stream, or Great Lake where the fish was caught, if the fish could freely move between the original location of capture and the location of release.

A person, who catches fish other than baitfish in a lake, stream, Great Lake, or connecting waterway shall only release the fish in the lake, stream, or Great Lake where the fish was caught, or in a connecting waterway of the lake, stream, or Great Lake where the fish was caught if the fish could freely move between the original location of capture and the location of release.

Whether purchased or collected, unused baitfish should be disposed of on land or in the trash – never in the water. Any baitfish an angler collects may be used only in the waters where it was originally collected.

Anglers who are catching and releasing fish should only release the fish back into the same water or in a connecting body of water the fish could have reached on its own.

Violation of the law is a state civil infraction and violators may be subject to fine up to \$100

What you should do:

To comply with the law and prevent the introduction and spread of aquatic invasive species, boaters should:

CLEAN boats, trailers and equipment. **DRAIN** live wells, bilges and all water - pull all drain plugs.

DRY boats and equipment. **DISPOSE** of unwanted bait in the trash.

New Requirements for Michigan Boaters and Anglers to Prevent the Introduction and Spread of Aquatic Invasive Species

February 28, 2019

Michigan's Natural Resources and Environmental Protection Act (Act 451 of 1994) Part 413 has recently been amended with changes for boaters and anglers that take effect March 21, 2019. The changes are intended to strengthen protection for Michigan waterways against the introduction and spread of aquatic invasive species. Prior to the amended changes, the law only required that a person not place watercraft or trailers in the waters of Michigan if an aquatic plant is attached. In addition to this requirement, the new changes require all of the following prior to transporting any watercraft over land:

- Removing all drain plugs from bilges, ballast tanks, and live wells
- Draining all water from any live wells and bilges
- Ensuring that the watercraft, trailer, and any conveyance used to transport the watercraft or trailer are free of aquatic organisms, including plants

This means that after trailering boats, and before getting on the road, boaters must pull plugs, drain water and remove plants and debris. Additionally, the new amended law also incorporates requirements from Michigan's Department of Natural Resources' Fisheries Order 245 that will also help to prevent the introduction and spread of aquatic invasive species as well as fish diseases:

- A person shall not release bait fish in any waters of this state. A person who collects fish shall not use the fish as bait or cut bait except in the inland lake, stream, or Great Lake where the fish was caught, or in a connecting waterway of the inland lake, stream, or Great Lake where the fish was caught if the fish could freely move between the original location of capture and the location of release.

- A person shall not release bait fish in any waters of this state. A person who collects fish shall not use the fish as bait or cut bait except in the inland lake, stream, or Great Lake where the fish was caught, or in a connecting waterway of the inland lake, stream, or Great Lake where the fish was caught if the fish could freely move between the original location of capture and the location of release.

- A person, who catches fish other than bait fish in a lake, stream, Great Lake, or connecting waterway shall only release the fish in the lake, stream, or Great Lake where the fish was caught, or in a connecting waterway of the lake, stream, or Great Lake where the fish was caught if the fish could freely move between the original location of capture and the location of release.

Violation of the law is a state civil infraction and violators may be subject to fines up to \$100.

To comply with the law and prevent the introduction and spread of aquatic invasive species, boaters should:

1. **CLEAN** boats, trailers and equipment.
2. **DRAIN** live wells, bilges and all water.
3. **DRY** boats and equipment.
4. **DISPOSE** of unwanted bait in the trash.

Calling All Quilters!

The Sugar Springs Stitchers and Quilters once again invite all area quilters to submit their handiwork to the Gladwin Area Showcase of Quilts! This year's show will be on Sept. 6th and 7th at the Activity Center. Past shows have featured well over 100 quilts from area residents within one hundred miles of Gladwin. In addition to quilts, we also showcase other forms of needlework – knitting, crochet, embroidery, etc.

Our show is non-juried, but does feature Viewers' Choice prizes in all categories. We accept all sizes and styles of quilts, but cannot accept quilts that have shown in our previous shows. There is no charge to enter your quilt.

Entry forms may be obtained through area quilt stores, or by contacting SS resident June Jucewicz at jjucewicz@yahoo.com. Entry forms must be received by August 23rd.

We look forward to seeing you – and your quilts! – at the quilt show!

Thanks...

with a cherry on top!

*The sun came out and so did the crowd.
Thanks for making the
Ice Cream Social a fun event
for kids of all ages in Sugar Springs!*

We have the laughter you're looking for!

Join us for outrageously funny comedies from playwright favorites, Neil Simon and Ken Ludwig. The Examiner describes *A Fox on the Fairway* with three words, "Hilarious, hilarious and hilarious!" while a N.Y. Times review says that Simon proved he can, "trigger the mechanism that makes an audience laugh itself silly," with *California Suite*. Don't miss the fun!

Buy tickets for one, and we'll treat you to a second play for free! Just call **CMU Ticket Central** at [989-774-3045](tel:989-774-3045) and ask about our Buy 1 - Get 1 Free deal!*

CMU Summer Theatre 2019

Ken Ludwig's

A Fox on the Fairway

A hilarious romp that pulls the rug out from underneath the stuffy members of a private country club. Filled with mistaken identities, slamming doors, and over-the-top romantic shenanigans, it's a charmingly madcap adventure.

Bush Theatre | June 21 at 7:30 pm and June 23 at 2:00 pm

California Suite

Four couples arrive, and separately inhabit a Beverly Hills hotel suite, hilariously bringing along their problems, anxieties, and comical marital dilemmas. This is Neil Simon at his most humane, compassionate best. (Includes mature content)

Bush Theatre | June 20 & 22 at 7:30 pm

Tickets:

CMU Ticket Central

Phone: [989-774-3045](tel:989-774-3045)

CMU Events Center

*Buy One- Get One Free is not available for online purchase.

Complimentary tickets will be provided for the other scheduled CMU Summer Theatre play only.

BUTMAN TOWNSHIP NEWS

SEWER NEWS

TOILET PAPER, TOILET PAPER, TOILET PAPER!!! Do not flush anything else down your commodes or the results could be costly repairs for the **HOMEOWNER** if blockages occur on your property. Pumps are being pulled often due to rags and flushable wipes, causing costly repairs.

Check your sewer billing for the Smoke Testing literature which will begin May 6 – 8th – weather permitting. This test will help us locate the Inflow/Infiltration areas in the sewer system caused by breaks in the lines. For more information call Butman Township 426-4351 or go to our website.

TREASURER'S NOTES

Welcome to Nancy Greene the new Treasurer of Butman Township. The e-mail address continues to be butmantreasurer@gmail.com for any tax or property questions.

REMINDER, if you haven't paid your 2018 property tax, you must call the Gladwin County Treasurer's Office at 426-7251 for your delinquent taxes. On July 1st your 2019 taxes will be mailed to the current address on record. For change of address it must be requested in writing by letter or email and sent to Butman Township Treasurer.

ROADS

The Township budgeted \$20,000.00 for the maintenance of Township roads which will include the gravel roads, brining and \$15,000.00 towards crack sealing. Also, we will be doing UltraThin overlay on Greensboro Way, Dormie Court and Kingsway from Sugar River to Butman.

RUBBISH

Calendars for rubbish pickup dates are available at the Butman Township Hall. You may also go to www.butmantwp.com to view the calendar and print it.

Visit our website often to keep updated on important information! We are looking forward to another great summer in Sugar Springs and surrounding areas!!
