Message from our Chief of Safety & Security

**Hello Sugar Springers!
Summer in Sugar Springs is in full force!**

Much of my time over the past few months has been spent meeting residents and patrolling the many miles that make up our community. It has been a pleasure meeting so many of you!

We've had some challenges, but overall, there have been many improvements with particular emphasis on reminding members of the requirement to properly display SS stickers on all vehicles, boats and/or ATV's when visiting boat launches, docking areas, beach clubs or any other common grounds facility. We have come a long way regarding utilizing the stickers and I appreciate everyone's cooperation as we work to keep Sugar Springs safe and beautiful for our membership.

The community watch group is doing a great job and we will be having another meeting soon. Please remember in the event of an emergency, 911 is the best and quickest course of action.

Have a safe summer!

**Paul Coon
Chief of Safety & Security**

A Message from the Sugar Springs Lake Committee

Boating Safety

It's that time of year again, finally!

Michigan has some of the best summer activities in the nation and boating is one of the most popular, especially here in Sugar Springs.

Here are some important safety tips to keep everyone safe on the water. Please follow these tips and you'll enjoy the water with peace of mind!

Wear a Life Jacket

- Accidents happen, be prepared. Life jackets float - you don't.
- Drowning was reported as the cause of death in 75% of all fatalities. 86% of people who drowned in a recreational boating accident were not wearing a life jacket.
- Life jackets MUST BE WORN AT ALL TIMES by:
 - Children aged 7 and under
 - All persons on a PWC (Personal Watercraft)
 - All persons being towed (tubing, skiing, etc.)

Boat Sober

- Alcohol use is the leading known contributing factor in fatal boating accidents. Where the primary cause was known, it was listed as the leading factor in 16% of deaths.
- Alcohol can impair a boater's judgement, balance, vision, and reaction time. It can also increase fatigue and susceptibility to the effects of cold -water immersion.

Check your boat before going out on the water

- Make sure the boat is properly equipped and equipment is in good working condition.
- In addition to legally required equipment such as life jackets and fire extinguishers, always carry a first-aid kit, nautical charts and an anchor.
- Make sure navigation lights work properly.

Stay Alert

Watch for other boats, swimmers, skiers, and objects in the water. This is especially true when operating in crowded waterways, at night and when visibility is restricted.

Carry a cell phone and be prepared to call for help

- If you are involved in or witness an accident.
- If your boat or the boat of another becomes disabled.
- If you need medical assistance.

Drowning is the cause of death in 81% of boating-related fatalities

Appropriately wearing the correct fitting life jacket and riding with an operator who has successfully completed an accredited boater safety education program reduces the risk of recreational boating accidents and drowning. Where instruction was known, 75% of deaths occurred on boats where the operator did not receive boating safety instruction.

In 2021, the top five contributing factors in boating accidents were:

- Operator inattention
- Improper lookout
- Operator inexperience
- Excessive speed
- Machinery failure

(Reference: Thanks to Michigan DNR for info and U. S. Coast Guard for statistics)

Boating on Lake Lancelot and Lake Lancer

Operating Regulations & Rules of the Road

Safety is the primary consideration to having a safe and enjoyable outing. The excitement, fun and the thrills come in at a distant second. Enjoy our lakes!

1. Township ordinance prescribes slow/no wake speeds between the hours of 7:30 pm to 11:00 am daily.
2. A person shall not operate a Personal Watercraft (PWC) during the period that begins one (1) hour before sunset and ends at 8:00 am.
3. No skiing, tubing, or towing without an observer.
4. Do not operate your boat or PWC within 100 feet of stationary objects, docks, swimming areas, shorelines or anchored boats unless operating of slow/no wake speeds.
5. Operate your watercraft in a counterclockwise fashion for all water activities.
6. Observe all slow/no wake signs.
7. Do not operate your boat if you have been drinking.
8. Racing is prohibited.
9. Non-motorized craft (sailboats, rowboats, canoes, etc.) have the right-of-way over motorboats.
10. Any boat being overtaken has the right-of-way.
11. Personal Watercraft must obey the same rules as other boats.
12. A PWC shall not cross a wake closer than 150 feet from the boat making the wake.
13. No boat shall operate without proper lighting between sunset and sunrise.
14. Riding on the bow is illegal if the vessel is not equipped with bow seating and is operating of greater than slow/no wake speed, it is illegal to ride on the gunwale.
15. Persons born after December 31, 1978, may not operate a PWC, unless they have obtained a boating safety certificate.

NOTICE Sugar Springs Lake 2023 Treatment Program

The property owners in this area are planning to have the waters chemically treated to control lake weeds and/or algae. This notice is being circulated in accordance with Department of Environment, Great Lakes & Energy (EGLE) procedures. Due to the uncertainty of weather, the treatment schedule is approximate. Please watch your shoreline for the posting of the 8.5 x 11 inch, yellow or green signs. The signs will indicate the date of the treatment, the products used, and any restrictions on the use of treated water for swimming, watering lawns, etc. One or more treatments involving water restrictive products may be applied. Please be aware that only products approved by the State of Michigan and the Federal government are being used. We have experienced **no adverse effects on people, fish, wildlife or domestic pets since applying these products**. We anticipate using one or more of the products listed. Please read the restrictions. Again, the restrictions that apply to the products actually used in a particular treatment will be found on the signs posted on the day of treatment.

2023 Tentative Treatment Schedule

Treatments will be occurring throughout the summer months. Please watch your shoreline for posting signs with specific restrictions. Please also note that you will see PLM on your lake many times this summer. We will not always be treating the lake, but performing many surveys, water quality testing, etc. Thank you for your understanding as we work to preserve and protect Sugar Springs Lake. *The following weeks of have been tentatively set but may be adjusted as the season progresses due to many factors (permit restrictions, growth, weather, etc.) Always watch for posting signs.*

May 15: Survey
May 22: Weed & Algae Treatment
June 12: Survey
June 19: Weed & Algae Treatment
July 3: Survey
July 10: Weed & Algae Treatment
July 31: Survey
August 7: Weed & Algae Treatment
August 28: AVAS & Optional Algae Treatment
September 25: End of Year Survey

Got Muck?

PLM MD (Muck Digestion) Pellets are a combination of natural beneficial bacteria, enzymes, and vitamins that stimulate the biological activity at your lake bottom. This stimulation allows the bacteria to feed on the organic sediment, therefore reducing the muck levels. PLM MD Pellets are easily applied by anyone once a month, when the water is above 55 degrees. 10lb., 30lb. and 50lb. bags are available.

For a beach area of 50'x 50', ~2lbs/treatment is required, treating monthly May– September. To place your order, please call our office at 800-382-4434 to arrange delivery!

WATER USE RESTRICTIONS

Navigate /2,4-D: Swimming or bathing: 1 day. Household use, irrigation, lawns and turf: 0 Days. Growing crops and non-crops "gardens": Indefinite unless assay indicates 100 ppb or less. Potable water: Indefinite unless assay indicates less than 70 ppb. Fish consumption: No restrictions.

Sculpin G/2,4-d amine: Swimming or bathing: 1 day. Household use, irrigation, lawns and turf: 0 Days. Non-crops "gardens": 2-14 Days depending on treatment conditions. Growing crops: assay of less than 100ppb. Livestock watering: See product label. Fish consumption: No restrictions.

Renovate/Triclopyr: Swimming or bathing: 1 day. Irrigation of Established lawns and turf: 0 Days. Household use & Irrigation excluding grasses: 120 days or once assay determines product to be non-detectable. Fish consumption: No restrictions.

Renovate OTF/Triclopyr: Swimming or bathing: 1 day. Irrigation of Established lawns and turf: 0 Days. Household use & Irrigation excluding grasses: 120 days or once assay determines product to be non-detectable. Non-crops "gardens": 2-14 Days depending on treatment conditions. Livestock watering: N/A.

Florpyrauzifen-Benzyl/ProcellaCOR: Swimming or bathing: 1 day. Household use, irrigation, lawns and turf: 0 Days. Non-crops "gardens": 2-14 Days depending on treatment conditions. Growing crops: until assay indicates 1ppb or less. Livestock watering: N/A.

Aqua Strike/Endothall Diquat dibromide: Swimming or bathing: 1 day. Animal consumption of treated water: 1 day. Domestic water use and irrigation of turf & ornamentals: 3 days. Crop irrigation: 5 days.

Tribune/Diquat dibromide: Swimming or bathing: 1 day. Animal consumption of treated water: 1 day. Domestic water use and irrigation of turf & ornamentals: 3 days. Crop irrigation: 5 days.

Hydrothol 191/Dimethylalkylamine salt of Endothall Aquathol K/Dipotassium salt of Endothall: Swimming or bathing: 1 day. Household uses, irrigation, livestock watering: 2 weeks.

Clipper, Propeller, Schooner/Flumioxazin: Swimming or bathing: 1 day. Domestic water use and irrigation of turf & ornamentals: 3 days. Crop irrigation: 5 days.

Nautique/copper carbonate, Komeen/copper as elemental: Swimming or bathing: 1 day.

PLM Blue, Cygnet Select: water dye (tracer), **Copper Sulfate:** copper sulfate, **Cutrine Plus-Ultra, Captain-XTR, SeClear and SeClear G:** chelated copper, **Cygnet Plus, PolyAn:** Adjuvant, **AquaSticker, M.D. pellets:** gram negative, naturally occurring bacteria. **PLM Enzyme:** enzymes, **Phoslock:** phosphorus locking technology, Eutrosorb technology. **NO RESTRICTIONS!!**

For a complete listing of all product labels, please see our website.

Site-Specific recommendations to limit ornamental irrigation with ProcellaCOR, Renovate & Sculpin granular treated water will typically last 2-14 days. Contact PLM for further information.

The chemicals used for Aquatic Nuisance Control are registered by the U.S. Environmental Protection Agency and the Department of Environment, Great Lakes and Energy. The potential for damage to fish and other non-target organisms is minimal provided that the product is used as directed on the product label and the permit. To minimize the possible effects on health and the environment, the treated water is restricted for the above purposes.

Method of Application: Chemical application will be made via boat, back pack, and/or land vehicle applying liquid surface products by surface spray and/or injection. Granular product application will be surface broadcast.

****Certified Applicators:** Salvatore Adams, Preston Adgate, Jason Broekstra, William Conklin, Hannah Cornell, Jaimee Desjardins, William Ducham, Holden Elsner, Jeff Fischer, BreAnne Grabill, Dustin Grabill, Christian Halquist, Noah Hanson, Steve Hanson, Kyle Heath, Jake Hunt, Garrett Johnson, Blake Mallory, Michael Pichla, Elijah Quinn, Reese Ransom, Eric Reed, Colton Risner, Raquelle Robbins, Eric Roberts, Cory Robinett, James Scherer, Alison Schermerhorn, Sophia Scott, Casey Shoaff, Lucas Slagel, Keith terHorst, Jeff Tolan, Andy Tomaszewski, Dennis Vangesel, Andrew Weinberg

2023 Proposed Treatment Plan

Lake Lancer and Lancelot have very different plant communities and each lake is independently managed for those plants with a focused plan. Lake Lancelot has an infestation of Eurasian watermilfoil and Curlyleaf pondweed. Lake Lancelot has fewer native plant species present and a large focus of the program is improving the native plant community for the overall health of the lake and fishery. Lake Lancer has an infestation of Variable leaf milfoil as well as EWM, Starry Stonewort and Curlyleaf pondweed. The native plant community in Lake Lancer is diverse and some species do cause a recreational concern mid season. Focus is being made on those species and prioritizing management to maintain diversity and reduce density when able. PLM will be aggressively managing each lake using the latest technologies to ensure the best possible management program is offered to your association. While we are working at controlling numerous plants and algae, growth will vary seasonally with weather; we encourage all residents to assist in the management your lake frontage with promoting healthy lake front living practices (reducing fertilizers, green belts, removing debris, raking your beach, etc). Let's all work together to continue to improve your beautiful lakes!

A Lake Resident's KEY TO SURVIVAL

PLM Lake & Land Management Corp. appreciates the opportunity to a part of your lake management program. Your lake is a diverse ecosystem which requires the use of multiple management tools. In addition to the services we provide, we still need your help! You can directly improve your lake frontage by taking a few small steps that can have widespread impacts on the entire lake. Everyone's actions play a role in the health of your lake and as you own property on the lake, you have a large investment in the overall health of the lake. Therefore, everyone needs to take action for the overall health of the lake. It is not just the land touching the lake that impacts the health of the lake, but all the land in the area that makes up the watershed. Everyone's actions on and off the lake plays a role in the condition of the lake. Do your part and help get your neighbors involved in caring for the lake. The following suggestions are just a few actions that can be taken to help create a healthy lake and beach frontage.

Do not feed the ducks and geese. Remove dog, geese and duck droppings from lawns, docks, etc. Excess feces will increase nutrients within the lake. Please, do not sweep it into the lake!

Create a natural buffer close to the water's edge and remove grass/turf touching the water's edge. A natural setting will filter excess nutrients from entering the water and help decrease erosion. The greenbelt should consist of native plant varieties of shrubs, flowers or trees that do not shed their foliage into the water. Natural buffers are also an excellent way to deter geese from making a stop on your beach front. Geese do not like areas where they cannot see the predators coming towards them.

If you do fertilize make sure you are using Phosphorus free fertilizer. Talk with your neighbors and develop a Phosphorus Free program which uses no phosphates and slow release nitrogen. One pound of phosphorous may produce over 775 pounds of algae- "The slimy green stuff". If you must fertilize, apply nitrogen fertilizer when the grass is actively growing to minimize loss of nutrients to nearby waters. Begin fertilizing in the spring when temperatures are warm and discontinue before the grass ceases to grow in the fall. Avoid application of fertilizer prior to rainy days.

Perforate lawn periodically and seed and mulch exposed soil (to prevent erosion).

Remove aquatic plants, leaves/branches and other debris that washes up along the lakeshore so less decomposition occurs in or near the lake.

Always use silt fences when building a new home or doing any yard-work that would cause erosion.

Keep all burn piles and debris piles away from lake. Do not burn near the water. The ash is concentrated nutrients!

Encourage the use of stone, brick and similar porous materials when building a landscape to minimize urban water collection.

HAB's What You Need to Know

During the summer months, many Michigan lakes experience noxious blue green algae blooms. Cyanobacteria (cy-a-no-bac-te-ri-a), also known as blue-green algae, are a natural part of lakes, rivers, and ponds. Unfortunately, some species can produce toxins, called cyanotoxins that can make humans and animals sick. When conditions are right, these organisms can rapidly increase to form Harmful Algae Blooms, or HABs. These blooms can last a few days, weeks or longer and are considered harmful because they may contain toxins. A bloom can start small and become very large in size and can give off a foul odor.

What You Need to Know:

- Not all algal blooms contain toxins, but it is difficult to tell by looking at a bloom if it is harmful.
- HABs can be a variety of colors such as blue, green, blue-green, brown, white, purple, or red.
- A bloom can occur when the water temperature is warm, conditions are calm, and the water has a high level of nutrients, like phosphorus and nitrogen.
- Blooms typically occur in Michigan from summer to fall. A bloom can last days to a few months. Blooms may disappear but then form again within the same season.
- Typically, symptoms of illness from cyanotoxins appear within hours to days in humans. If symptoms do appear, the severity will depend on how long the exposure was, the type of cyanotoxin, and how the person was exposed.
- While there have been no confirmed deaths of dogs in Michigan due to exposure to algal blooms, there have been a few dog deaths where exposure to algal blooms may have been a contributing factor, but no definitive cause could be determined.
- If a HAB is suspected, do not swim, wade, or touch the water where algae are present. Humans and pets should be rinsed thoroughly in fresh water if there has been any contact with the water. Humans and pets should avoid the water entirely if there is a large algal bloom spread out across the lake, river, or pond, including water sports like boating.

Message from the Architectural and Environmental Control Committee

Sugar Springs Regulations for Camping:

‘The (camping) member must obtain a permit for each camping unit when placed on the lot. The permit is issued at the POA office without cost to the member. Each registered camping unit will be issued a sticker to be displayed on the sign post provided, next to the driveway, so as to be readily visible from the road.’

Enforcement of this provision is underway for 2023 season. The penalty for failure to obtain and display a permit may include a violations assessment beginning at \$25, so please post your sticker if you have it and get one if you don't. **Make sure to have your plate # or the camping unit VIN # as well to obtain your stickers.**

Sugar Springs Sign Rules:

Per Sugar Springs Rules and Regulations, the only signs that are allowed on a member's property are: approved "For Sale" signs, and small signs with your family name or name of the property, such as "Jones' Cabin."

Signs advertising services or products are not allowed, nor are information signs such as "Deer Crossing", "Slow Down" or "Slow for Children."

All non-approved signs must be removed. Any signs remaining will be removed and will be able to be picked up from behind the lower level of the Activity Building.

General Managers Report

I hope everyone has a safe and fun Fourth of July, with family and friends. Please be aware of your neighbors, pets and drought conditions when dealing with campfires and fireworks.

As the Short Term Rental nonsense continues, I want to assure all that it will soon be over seen. Please let the POA Office know any issues you may have with rental homes. This order that was filed by the Michigan Court of Appeals, will prevail. The plaintiffs along with a select few that want to ruin our POA Community and property values will be silenced. I would caution against sending these people your money so they can “fund their illegal businesses”, enough said...

The neighborhood watch is up and running. A big thanks to Paul Coon, who is our Safety and Security Chief. We are seeing a majority of car stickers in our beach club areas. Please be advised that “Guest Passes” are for family members staying in your home, and are for short term use and not for the season. This will be spelled out in detail this fall. Thank you to everyone using your car stickers! It is the only way we can make sure our beach clubs are being used by all “dues paying members”.

Sugar Springs is “Where Memories Begin”.

Have wonderful Fourth of July.

Regards,
David Harris

Open letter to Sugar Springs Members. This communication is for Sugar Springs Property Owners Association members and cannot be reproduced/ pasted or shared to social media

From the Board of Director, President Tom Hug

Good day to all members.

I would personally welcome June Jucewicz, as a new member of the Sugar Springs Board of Directors. Congratulations June!!

With the Fourth of July fast approaching, please be considerate of your neighbors and their fur babies. Quiet time is 11:00 pm.

Hope you are able to enjoy the beautiful weather coming this week. Having said that their will be a lot of activity on both lakes. Please follow the no wake signs in place around the lake. These are placed in areas to help keep shore erosion at a minimum. The direction of boating on all Michigan inland lakes are counter clockwise, this law is set up to keep all boaters safe. As far as PWC, they are to maintain a safe distance (110 ft) from boats. Enjoy the lakes and be safe!

I have played the golf course several times this year and the course is in great shape, the best I can remember.

THANK YOU, Dwight and his team! Please make sure to call early for tee times as the tee sheet is filling up fast.

On a side note I would like to thank Rick Fuller for all his volunteer work on the golf course- he has been busy.

Hope you all have a safe holiday and rest of your summer!

**Hole in One
Bev Zuelch
Hole #12
During the Individual
Eclectic Tournament
June 2, 2023**

Dear Member's/Property Owners,

I'm so excited for summer to officially be here! The golf course is in great condition and extremely busy! As a reminder we take times up to 7 days in advance for groups. Best to call ahead for reservations 989.426.1162 and arrive 15 minutes ahead of time to get checked in and ready for play!

July is full of events:

July 10th – Hit & Sit Scramble - 4 Person Event

July 14th – Ladies Member-Member

July 19th – Fun Flag Format – Ladies Individual Game

July 20th & 21st - Men's Member-Member/Member-Guest. This event can consist of a member playing with another member or bringing a guest, provided both players have a verifiable handicap, and one player MUST be a SSMGA Member.

July 24th-27th – Junior Golf

July 31st & August 1st – Handicap Championship

Drop Zones

As of July 1st, we have added drop zones to all of our par 3's. A couple rules to remember when using the drop zones:

- The player does not have to stand within the drop zone when using the drop zone
- The dropped ball must first strike a part of the course within the drop zone
- The dropping zone is defined by a line, the line itself is within the drop zone
- The dropped ball does not have to come to rest within the drop zone
- The dropped ball may roll nearer the hole, as long as it does not roll more than two club-lengths from where it struck the drop zone

For example, I hit my ball into a water hazard and under penalty of one stroke proceed to the drop zone painted on the ground. I stand outside of the drop zone, drop the ball which hits the white line and bounces forward a club-length and a half nearer the hole. The ball has been properly put into play.

Looking forward to seeing you on the golf course soon!

Closest to the Squiggly Line (tee shot) - #14 Cathy Gossett, #14 Robert Richardson

Longest Putt - #1 Scott Listvan, #18 Sherri Visnaw

2023 Sugar Springs Golf Club Junior Golf Program

The goal of the Sugar Springs Junior Golf Program is to provide kids with a curriculum that includes etiquette, rules, and skills to learn the game of golf all while having a lot of fun!

All juniors (girls and boys) will be split into two groups based on age: the Jack Nicklaus Group (age 6-9) and the Arnold Palmer Group (age 10-13). The Jack Nicklaus group will start at 9:00am and go until 10:00am Monday-Thursday. The Arnold Palmer group will start at 10:00am and go until 11:00am Monday-Thursday.

There are three different weeks of junior golf available to choose from. You choose the week(s) that work best for you. Each week is limited to a maximum of 6 kids in each group. The cost is \$150 per week per child, \$125 per additional week per child.

Jack Nicklaus Group
Age 6-9
9:00am-10:00am

Arnold Palmer Group
Age 10-13
10:00am-11:00am

Junior Golf Weeks

June 26-29

July 24-27

August 14-17

Daily Schedule

Monday – Putting

Tuesday – Chipping & Pitching

Wednesday – Full Swing

Thursday – Play Day

To sign up, call the Sugar Springs Golf Shop at 989.426.4391 or e-mail Dan McGinnis at mcginnid@hotmail.com.

Dan McGinnis Golf Academy Presents 2023 Junior Tournament Players Program

June 23rd – August 18th

No Class July 14 and 21

Fridays from 9:00am – 10:00am

Limited to the first 6 Junior Golfers to sign up!

Junior Tournament Players Program - \$400

The Junior Tournament Players Program is for the junior golfer who wants to elevate his or her game to a competitive level and is looking for advanced training and coaching. The program is specifically designed to enhance all aspects of a players' game in order to prepare for tournament competition. Individuals who participate should be serious about golf and currently competing in, or planning to compete in the Callaway/Meijer Tour, High School Golf, or other competitive junior golf events. This intense and comprehensive instructional approach will meet on Fridays beginning on June 23rd through August 18th. Also included, at the students convenience is a one-on-one, 9-hole playing lesson.

Areas of emphasis

- Putting
- Short Game (chipping, pitching & sand)
 - Full swing
 - Course management
- Proper practice techniques and individualized drills
 - Mental preparation
 - Goal Setting
 - Golf Fitness
 - Golf Etiquette
 - Rules of Golf

In total, each participant will receive:

- 7 days/7 hours of instruction from Dan McGinnis
- An individual 9 hole playing lesson with Dan McGinnis (\$150 value)
- Guidance on practice techniques which will help them develop the skills and mental toughness required to be successful in competitive golf.

To sign up, call the Sugar Springs Golf Shop at 989.426.4391 or e-mail Dan McGinnis at mcginnid@hotmail.com.

Hello Sugar Springs Members.

I hope everyone has been able to get out and enjoy the course during the month of June. I know the course has been more dry and discolored than usual, however this June, has been unusually dry as far as rain totals. Also, two weeks ago we had one of our main irrigation pumps stop working and had to send it out to be rebuilt. That, along with our current well issues, has not done us any favors for helping to keep the course alive during this stretch of hot dry weather. Without the pump the irrigation system cannot hold enough line pressure to run the program overnight, so we have to run a smaller amounts of heads during the day manually. I appreciate that most of you were understanding of that.

Luckily, this Sunday and Monday (6/25 and 6/26) we got a two day total of 1.30 inches of rain with more forecast for the end of the week. This helped to green up our course nicely over the past two days. Also, Bay United Motors were able to get to work on the pump right away and get it back to us in 9 days. Other estimates were 4-8 weeks, which would really take a toll on the quality of our golf course. Today we are working on getting the rebuilt pump installed so we can be more prepared for the next streak of hot dry weather.

Now that the holiday weekend is approaching, I am sure many of you have plans to play golf on our beautiful golf course. I would like to remind everyone to please continue to fix two ball marks on the greens, fill divots with sand that is provided on the carts, be mindful of where you are driving your golf carts, and to pass the word on to whoever you play with over the weekend.

I hope everyone has a safe and Happy 4th of July and gets to enjoy all the amenities that Sugar Springs has to offer.

Dwight McCann

2023

Tuesday Ladies League

9 & 18 Hole

Spring Meeting	May 20	10 a.m.
Spring Scramble	May 20	1 p.m. tee times

Garden Club Meeting

Come join us at our next monthly meeting.

The 3rd Thursday of every Month, at 9:30am.

In the Activity Building

Open to all Sugar Springs home owners.

Any level of participation welcome.

Please contact Connie Sullivan with any questions.

989-359-0310

Happy Gardening

A vibrant garden scene with a variety of colorful flowers (purple, pink, yellow, red) and a silver watering can on a wooden deck. The background is a soft-focus blue sky and green foliage.

A top-down view of a wooden table with numerous Mahjong tiles scattered across its surface. The tiles are white with various symbols, including Chinese characters, numbers, and patterns. The text is centered on the table.

SUGAR SPRINGS ARTISTS (SSA) ARE OFFERING A WATERCOLOR CLASSES ENTITLED,

"Playing With Water Colors"

THESE CLASSES ARE A NO-STRESS, HAVING-FUN-WITH-WATERCOLORS AFTERNOONS FOR BEGINNERS AND ADVANCED STUDENTS. IT WILL BE HELD ON THE LAST THURSDAY OF EVERY MONTH FROM FEBRUARY TO JUNE FROM 12:30PM TO 4:00PM IN THE SUGAR SPRINGS ACTIVITY BUILDING NEXT TO THE POA.

FOR ANY QUESTION CONTACT CAROLE KRECIOCH AT caronkre@gmail.com OR CALL AT 989.426-0414

YOU WILL SEE THE MANY DIFFERENT STYLES OF PAINTING WITH WATERCOLORS AND TECHNIQUES TO ACHIEVE DIFFERENT TEXTURES. EACH MONTH WE EXPLORE MORE STYLES AND LEARN NEW TECHNIQUES.

PLEASE REMEMBER TO BRING THE SUPPLIES THAT WERE DISCUSSED AT THE LAST CLASS FOR YOUR NEW PROJECT.

WE ALL LOVE TO SHARE WHAT WE HAVE LEARNED ABOUT WATERCOLORS. THERE WILL BE A LIMITED ATTENDANCE WHICH MEANS THAT YOU WILL HAVE MORE OPPORTUNITY TO ASK QUESTIONS AND GET HELP.

HOPE TO SEE YOU THERE!!

COMMENTS: Everyone is welcome!!

Veterans Memorial Garden

In the spring of 2021, Sugar Springs was successful in establishing a garden plot surrounding the flag poles erected across from the Activity Center. We were able to accomplish this due to the leadership of our POA President, Tom Hug, and through the efforts of our Building And Grounds Department, under the guidance of David Harris, our POA General Manager. This garden plot was dedicated to the men and women of Sugar Spring who served in the US military.

Along with the plaque dedicating the Veterans Memorial Garden a small bronze plaque provided by the Veterans Administration to Mr. Hug's family honoring Tom's father and his military service was placed in the garden. Another plaque was donated in honor of Bob "Juice" Jucewicz by a group of his friends. Yet another plaque has been purchased by a group for another Sugar Springer and will be dedicated and placed this spring. Therefore, it would seem there might be a demand for groups or individuals to have the opportunity to purchase a commemorative plaque to be placed in the Veterans Memorial Garden at Sugar Springs.

In cooperation with the Sugar Springs Memorial Committee, a fund is being established to support the upkeep of the Veterans Memorial Garden and to assist with the purchase and placement of these very nice bronze plaques. If any POA member wants information on these standardized plaques, please contact the Memorial Committee. If members would like to make a contribution to be used for the Veterans Memorial Garden upkeep, also please contact the Memorial Committee.

Sugar Springs, It's JULY!

Its time to roll out the Red Carpet for summer time. We have a month of fun-in-the-sun and activities for all.

July 1st is the 36th annual Craft Show at 10am. To follow, the Sugar Springs Fireworks will be going off at Dusk over the lake.

We have multiple golf outings this month, including Scrambles, a Handicap Championship and more! Contact the Pro Shop for information.

July marks a busy boating month, so be safe and cautious when boating around the lakes.

As always, be safe, and have fun in Sugar Springs.

**Volley
Ball**

Adult Co-Ed

Please join us Monday,
Wednesday & Friday from
11:30am - 1:00pm every week
in the Sugar Springs Activity
Center Pool, for lots of fun
and some great exercise.

The graphic features a yellow rectangular banner with a black border. The word "The" is written in a black, sans-serif font on a white, torn-edge paper tag pinned to the top left of the banner with a yellow pushpin. The words "Bulletin Board" are written in a large, bold, black, serif font across the center of the banner. A red pushpin is pinned to the top left corner of the banner, and a blue pushpin is pinned to the top right corner.

The Bulletin Board

Memorial Committee Update

Here is a sampling of projects complete because of donations made through the Sugar Springs Memorial Committee:

- New Trees
- New Landscaping
- New Flags
- A Wonderful Lending Library
 - Hearth Equipment
 - Golf Course Needs
 - Beautification Projects

If you would like to honor the memory of a person's life, a birthday, an anniversary, a Veteran, a friendship, a thank-you, or whatever the reason, your Memorial Committee can make it happen. Simply contact the SSPOA Office for a form to fill out and make the donation no matter what the amount. All donation amounts are kept confidential. You may designate a specific project or work with the committee in making decisions. It's easy, rewarding and appreciated.

Happy 50th Anniversary Sugar Springs
1972 - 2022

AIRPARK REMINDER

As the weather improves, the airpark will become more active. Only authorized personnel and vehicles are allowed on or near the runway. If a person has to enter the runway, they should call the Airpark manager for permission, except in an immediate emergency.

Dave Wood

Cell: 317-523-3131

Road Repairs Planned for 2023

Dear Butman Township

Spring is finally here, and Summer is coming! While we impatiently await the flowers, we know the orange barrels and cones on the roadways won't be far behind.

Thanks to the road millage passed by the Township residents in the election of November 2021, and the work of the Road Planning Committee, made up of Mike Visnaw, David Greaves, Jody Zelt, and members of the Township Board, we want to inform you of the road projects planned for our Township this summer season.

1. Ultra-Thin Worchester Way from Winchester Way to Sugar River Road
2. Ultra-Thin Linksvie Way from Rough Court to Sugar River Road
3. Ultra-Thin Winchester Way from Islanders Way to Islanders Way
4. Ultra-Thin Butman Road from Hamilton Way to Grass Lake Road
5. Crack and Chip Seal Dutcher and Shell Roads from Hockaday Road
6. Regravel 2 miles of gravel road. Locations TBD
7. Crack Seal Local System. Locations TBD
8. 2 Brining Applications to Gravel Roads

The total cost for these projects is approximately \$190,000.

With the help of the Gladwin County Road Commission, we will try to keep you informed as to when these projects will begin.

Thank you again for passing the millage and investing in our community.

Have a Great and Safe Summer,
Your Butman Township Board
